## PEOPLE OF EVERY LAND VISIT FAMOUS LOS ANGELES GLAND SURGEON

One of the outstanding and surprising features of Dr. Wheeler's method of treatment is the fact that he is actually able to transplant vital glandular tissues into the patient's body without causing pain, or injury of any kind, to the recipient and without disturbing the patient's own glands. The Wheeler technique is so carefully worked out that the transplanted tissues, as auxiliary glands and become a part of the organism which receives them.

## UTILITIES FACE INVESTIGATION

Rail Commission to Launch Inquiry Here

Political Activity Rumors Under Scrutiny

Gas and Electric Concerns' Books Requisitioned

BY FLOYD J. HEALY

SAN FRANCISCO, June 4. (Exclusive)—Holding off until the action could not affect ballot casting in the Los Angeles municipal election, the Railroad Commission late today announced the launching of an investigation on its own motion into the asserted political activities of the Los Angeles Gas and Electric Corporation, Southern California Edison Company, Southern California Gas Company and Southern Counties Gas Company. The order pertains to the practices of these companies in the campaign, which preceded today's election.

The action was taken, according to the language of the commission's formal announcement, "as the result of rumors reaching the commission that the four large gas and electric corporations named were unduly active, especially in opposition to certain municipal measures being voted upon today."

MEASURES UNSPECIFIED

The source of the "rumors" was not given nor were the "certain municipal measures" arrayed in more specific terms. The only proposition on the ballot, however, which would bring the municipal and private power interests into competition was No. 2, reading: "Shall Los Angeles incur \$175,000, 000 bonded debt for improvement, extension and betterments of its electric system?"

The order likewise makes no mention of similar activities, if any, of the Municipal Bureau of Power and Light, it being explained informally that the commission has no jurisdiction over that organization.

Although the privately owned corporations annually submit the amount of their expenditures for political purposes to the commission in their regular reports, today's order was pronounced by the commission the most drastic of its kind ever issued.

The hearing date was set for the 19th inst. Commissioner Seavey is scheduled to sit in the matter at 10:15 a.m. in the Los Angeles courtroom of the commission. At that time the companies cited are commanded to submit all their books and records bearing on the subject at issue, which amounts to virtual impounding of the companies' books.

QUIZ WARRANTED

"Members of the commission's engineering staff," the statement reads, "were assigned to make an investigation as to the asserted activities of the utility companies in the election, with the result that information was obtained of such a nature that the commission considered it necessary to cite the companies to appear and to bring their books and records so that all expenditures of a political nature might be eliminated from their operating accounts as a matter of protection to the rate payers."

The order also contains the clause that "said companies, and each of them, retain and preserve any and all records in their possession or under their control reflecting any expenses made or obligations incurred directly or indirectly in connection with said election."

### Congregational Council Backs Hoover's Stand

DETROIT, June 4. (P)—A resolution endorsing the actions and utterances of President Hoover in connection with law observance was passed unanimously by the National Council of the Congregational Churches today in the biennial meeting here.

The resolution was introduced by Rev. A. E. Roraback of Brooklyn, who presented the report of the council's commission on law observance.

### COUNTY UNDERTAKER CHARGE SET AT PENNY

SACRAMENTO, June 4. (Exclusive)—The indigent dead unknowingly will profit from Redding's undertaker war. A contract for burial was let for 1 cent today by county authorities.

### A Test Every Man Past 40 Should Make

Medical authorities agree that 63 per cent of all men past middle age (many much younger) are afflicted with a disorder of the prostate gland. Aches in feet, legs and back, frequent nightly risings, sciatic pains are some of the signs—and now a member of the American Association for the Advancement of Science has written a remarkably interesting Free book that tells of other symptoms and just what they mean. No longer should a man approaching or past the prime of life be content to regard these pains and conditions as inevitable signs of approaching age. Already more than 50,000 men have used the amazing method described in this book to restore their health and vigor—and to restore the prostate gland to its proper functioning. Arrange immediately for this book. Call in person if possible, other wise mail your request to the Electro Thermal Company, Dept. B-149, 303 Van Nuys Bldg., Los Angeles—the concern that is distributing this book for the author—it will be sent to you absolutely free, without obligation. Simply send name and address. But don't delay, for the edition of this book is limited.—[Advertisement.]

## KING PHONES M'DONALD

Sick Monarch in Bed Takes Baldwin's Resignation and Quickly Summons Laborite

LONDON, June 4. (P)—King George today disposed of the fears entertained a few months ago that it might be necessary to create a regency to deal with a change in the government, by the expedition with which His Majesty accepted the resignation of the Conservative government and sent for a new Labor one.

Stanley Baldwin, Prime Minister of England since October, 1924, placed the resignation of the Conservative Cabinet in the King's hands at Windsor Castle this morning. From his sick bed His Majesty accepted the resignation and, undoubtedly on the advice of Mr. Baldwin, forthwith summoned Ramsey MacDonald, leader of the Labor party, by telephone.

SEES KING TODAY

Mr. MacDonald will be invited tomorrow at Windsor to attempt to form a new Ministry.

It is customary for the seals of office to be exchanged in the presence of the King, but this formality probably will be postponed until next week on account of his illness.

The prospect of a Labor government excites nothing of the wonder and apprehension among the British public today that it did six years ago. The first time the man who had been vilified as a pacifist during the war, was called to be the Prime Minister of England.

People today are as much interested, or more interested, in the prospects for the derby at Epsom Downs tomorrow.

MAKING OF CABINET

When Mr. MacDonald sees the King tomorrow it is presumed that he will be able to give His Majesty at least the names of the men he is counting on to fill the principal ministerial posts. But it may be the end of the week, or even later, before the Cabinet list is completed.

All the Conservative and Liberal newspapers were busy today constructing the new Labor government for Mr. MacDonald. It is probably easier for them than for Mr. MacDonald.

The names of most of the Ministers are fairly well established but the allocation of the portfolios may take some time.

Angeleno Heir Sues to Break Mother's Will

WINDSOR (Ont.) June 4. (P)—Gashall Davis of Los Angeles, oldest son of the late John Davis, former Mayor of Windsor and Canadian Dominion Inspector of Distilleries, today filed suit to set aside the will of his mother, Mrs. Frances Julia Davis, which disposed of a \$300,000 estate.

The contested will was made by Mrs. Davis a few days before her death last November. The estate was divided equally among three children, Gashall and Frank Davis, the latter of Windsor, and Mrs. Julia Whitehead of Windsor.

Davis asserts large sums advanced his brother and sister by his mother should have been deducted in the will. The hearing will be held in the Supreme Court at Sandwich next Monday.

### WERNER CHOSEN CITY ATTORNEY

(Continued from Second Page)

vision of the State Inheritance Tax Department, will resign his present post during the next two or three weeks. His successor in the State position will be appointed by State Controller Ray L. Riley.

Although refraining from any pre-election pledges, it is understood that the City Attorney-elect does not contemplate drastic changes in the personnel and policies of the office as now organized under the retiring official, Jess E. Stephens.

### Inventor Sued by His Lawyer

SAN FRANCISCO, June 4. (P)—George Campbell Carson, former prospector who recently settled with several large copper companies for patents on a reverberatory furnace he invented, was in legal difficulties again today.

His attorney, Antonio Stanislaus Pare, filed suit against Carson for \$100,000, claiming he had rendered that amount of service to the inventor in assisting him to obtain the furnace patents. Carson's settlements with the copper companies were said to have run into several millions of dollars.

### Air Transport to Move Office

OMAHA, June 4. (P)—The Boeing Air Transport Company will move its machinery and repair shops to Cheyenne, Wyo., and the local eastern division superintendent, W. P. Hoare, has been notified that his office also will be moved there.

Only one plane will be used to make the 950-mile hop between Chicago and Cheyenne—a plan that has been tried out for the last six weeks. The company also will move its Salt Lake City shops to Cheyenne, concentrating its forces at the ends and in the middle of the air line.

### Davis Inducted for Philippines

WASHINGTON, June 4. (P)—Dwight F. Davis, former Secretary of War, was sworn in today as Governor-General of the Philippines by Associate Justice Stone of the Supreme Court of the United States.

TRIAL POSTPONED

TULARE, June 4.—Trial of Edward Brecht, Tagus ranch, green and dried fruits manager, for charges on embezzlement and false entries totaling \$169,504.23, has been postponed until the 11th inst. The original date of the trial was to have been May 24 in the Tulare Justice Court.

## HESSION MAY BE WEBB AIDE

Inyo County Official Said to be Slated for Job

Rumor in San Francisco as Yet Unverified

Guerrera Admits Plan to Quit as Deputy

SAN FRANCISCO, June 4. (Exclusive)—Reports that Jess Hession, District Attorney of Inyo county, may be appointed Deputy State Attorney-General, were heard here tonight.

Verification is lacking because of the fact that Atty.-Gen. Webb departed for the south this afternoon. He is expected to reach Los Angeles tomorrow.

Frank L. Guerrera, Deputy Attorney-General for the last twelve years, and an expert on tax matters, confirmed reports yesterday that he will retire from the public service in the near future to enter the private practice of law, thereby leaving a deputyship to be filled.

Hession's name is the first that has been mentioned in connection with Guerrera's successor, but more than average interest is attached because of the manner in which Hession handled the prosecutions of W. W. and Mark Q. Waterson in the Owens Valley Bank frauds.

## 51<sup>ST</sup> ANNIVERSARY SALE

appearance-performance  
—tone—quality—  
like twice the price  
—this Anniversary Special—  
BEVERLY Neutrodyne RADIO

### All Electric

The famous Neutrodyne circuit—7 tubes—all electric. A perfect type of A. C. receiver which brings an entirely new meaning to radio reception.

### Fully Shielded

Built along the lines which are recognized as the most effective for better reception. The BEVERLY receiver is fully shielded to overcome interference both from without the receiver and within.

### Quality Built

The BEVERLY is built under the patents of RADIO CORPORATION OF AMERICA and its associated companies, GENERAL ELECTRIC and WESTINGHOUSE, and licensed under LA TOUR and HAZELTINE NEUTRODYNE patents—it is built according to the standards laid down by the foremost radio engineers of the day.

### Selectivity and Tone

Sharp, hair-line tuning, which brings in station after station with utmost precision. The circuit brings you a tone so realistic that you are actually witnessing a performance rather than a radio reproduction of it.

The BEVERLY not only combines all of the "high-priced" engineering features... its outward beauty too, has a charm seldom, if ever, found in a radio so extremely moderate in price. The cabinet is built of finest American Gum with choice Walnut Veneer. Designed in graceful Period Style and incorporating the popular sliding door feature which is found in only the finest enclosures of today. Come in today—See and hear this sensational radio—You will find a radio for which you would expect to pay twice this Special Anniversary Sale Price.

## ORGY IN STOCKS ROILS SENATORS

Glass Proposes Tax Curb on Speculation

Short-Term Loans on Bonds Repeal Advocated

Mellon and Hoover Come in for Attacks

WASHINGTON, June 4. (AP)—A general outburst against "the orgy of speculation" in the stock markets occurred today in the Senate, with many critics prescribing almost as many different remedies for the situation. The Federal Reserve Board was singled out especially for attack, but President Hoover, Calvin Coolidge and various government officials also came in for condemnation.

Investigations, a tax on stock-market speculations, raising of the rediscount rate and amendment of the Federal Reserve Act were advanced as means of checking the flow of billions of dollars through the market. Senator Couzens, Republican, Michigan, and Glass, Democrat, Virginia, were the most outspoken. They insisted the stock-market dealings had attracted an excessive amount of capital at the expense of legitimate business.

**TAX PROPOSAL**  
Senator Glass announced he will propose as an amendment to the pending tariff bill a 5 per cent tax on stock transactions which are held for less than sixty days. He announced he will favor repeal of the provision in the Federal Reserve Act allowing loans on United States bonds for fifteen days.

Senator Couzens contended a raising of the rediscount rate by the Federal Reserve Board would have served to check the flow of money into the stock market. Senator Glass, however, opposed this move as a penalty to business and he congratulated the Federal Reserve Board for resisting the "pounding" of the New York Federal Reserve Bank for a rise in the rediscount rate. Senator Couzens declared it is time for the government officials who asked a lowering of the surtax rates on incomes, so that money would be liberated for industry, to come forward now and urge that money be taken out of the "gambling pool" for legitimate business. His reference was taken generally to apply to Secretary Mellon, who advocated a reduction in the surtax rates four years ago.

Senator Glass replied that "the President of the United States literally jumped into the stock pit" recently to declare that "there was nothing to be apprehended from this riot of \$5,000,000,000 of credit in stock gambling." Senator King, Democrat, Utah, said Calvin Coolidge while President had "expressed approval, certainly not disapproval, of the large amount then utilized, nearly \$4,000,000,000, for stock gambling purposes."

The fury of the debate finally drew remarks from Senator Watson of Indiana, the Republican leader. He reminded the Senate there is "quite a difference of opinion as to what the board should do," and expressed an opinion that the large number of individuals and corporations sending money to the stock market to profit by the interest rates on call loans were as much responsible for the situation as the banks.

**HOUSE BILL PASSED**  
Senator Edge, Republican, New Jersey, a member of the Senate Banking Committee, likewise cautioned "caution" in describing the credit problem as "one of the most delicate with which we have to deal."

The debate preceded passage of an administration bill authorizing a new form of short-term securities by the government to be sold at a discount, rather than on an interest-bearing basis. Senator Couzens forced an amendment in the bill already passed by the House, to eliminate a provision authorizing an exemption from taxation of the capital gains tax holders of the securities. The measure now will be returned to the House for consideration of the Couzens modification.

## Body of Woman, Friend of Slain Gunman, in River

CINCINNATI, June 4. (AP)—The bullet-riddled body of a woman, partially identified as Pauline Wilson, friend of George Murphy, 40 years of age, Hamilton gangster shot to death two weeks ago, was found on the banks of the Big Miami River here today.

Police said Murphy and the Wilson woman had lived together here, and declared the woman had been killed the same night that Murphy was shot down by a machine gun in Hamilton because she "knew too much" about Southern Ohio gangland operations.

F. C. Swing, Hamilton County Coroner, said the woman had been shot to death and her body thrown into the river. More than a week ago bloodstains were found on a bridge railing near Venice, O. Discovery of the body was made by Earl Bechman, a farmer.

## Convict Wounded in Prison Break

COLUMBUS (O.) June 4. (AP)—One convict was shot and seriously wounded and three others escaped in a break for freedom from the Junction City Brick Plant of Ohio Penitentiary today.

The wounded prisoner is Stanley Starr, 30 years of age, of Cuyahoga county.

## COL. ENOCHS TRIAL WILL BEGIN MONDAY

NEW YORK, June 4. (AP)—An announcement was made at headquarters of the Second Corps Area today that the general court-martial of Col. Berkeley Enoch on charges preferred by Maj.-Gen. Hanson Ely, commander of the corps area, will open next Monday on Governors Island.

## SMITH ANTIS NO WORRY OF CHAIRMAN'S

Raskob Dismisses Fight of Virginians on Chief's Policies as Trifle

NEW YORK, June 4. (AP)—The New York Herald-Tribune said today that John J. Raskob, chairman of the Democratic National Committee, views as wholly local for the present the contest in Virginia of followers of Bishop James Cannon, Jr., against the Smith-Raskob adherents of the party.

He said he has given no consideration to the call of the bishop to the dry and anti-Smith Democrats to oppose in the coming State election all candidates and policies of Smith-Raskob complexion.

Mr. Raskob disclosed that several months ago he had offered to resign his position in the interest of harmony, but he was assured by party leaders, he said, that his resignation would effect nothing and was urged to continue as chairman.

## MEXICAN SENATORS OUSTED AS REBELS

MEXICO CITY, June 4. (AP)—The Mexican Senate early today, in extraordinary session, expelled four of its members accused of supporting the recent rebellion. They were Alejandro Bay de Sonora, Nicolas Peres de Chihuahua, Francisco Solomano de Colima and Jose Mario Valenzuela of Sinaloa. All were supporters of Gilberto Valenzuela for the Mexican Presidency prior to the rebellion.

## CHINESE ARREST RED OFFICIALS

Nanking Government Defies Move of Moscow

Row Sequel to Raids on Harbin Consulate

Siberian Border Closed by Order of Soviet

PEKING, June 4. (Exclusive)—Russian officials, recalled to Moscow as the first signal for severing diplomatic relations with China, have been arrested by Chinese guards at Manchouli, Manchuria, and returned to Harbin as prisoners. The move was China's defiant answer to Commissioner Korschak's note warning against provocative actions, which was as a sequel to the raids of the Harbin Consulate, the arrest of forty-five Communist inmates and the seizure of incriminating documents.

Russia immediately countered by closing the Siberian borders, halting trade and preventing thousands of fleeing Chinese from entering their homeland. Notice was served on the Chinese consuls in Siberia of the withdrawing of extrajudicial protection, placing the Chinese officials under surveillance and practically imprisoning the staffs. Russia is reported to be planning a seizure of Chinese fortunes in Siberia and the internment of the owners.

China declares the raids on the consulates are justified after an examination of documents exposing the details of a vast plot to provide officers, arms and money to assist Gen. Feng Yu-Shan's campaign to overthrow the Nanking government.

## MRS. CASSLER HELD IN KILLING

Murder of Servant Girl  
Laid to Jealousy

Accused Recently Freed in  
Another Slaying Case

Woman's Sweeping Denial  
of Any Part in Death

VALPARAISO (Ind.) June 4. (P) A charge of first-degree murder was placed against Mrs. Catherine Cassler tonight for the death of Camela Soutar, her young rival for her husband's affections.

The murder charge was filed immediately after the completion of the inquest into the young woman's death, Coroner E. H. Miller recommending Mrs. Cassler be held. She was taken before Justice of the Peace G. E. Bernholt for arraignment.

Standing calm, but defiant, the woman who won freedom from a death sentence of another murder charge only a month ago refused to enter a plea and at the request of her attorneys, the preliminary hearing was continued until Friday.

HUSBAND AND SON HELD  
The woman's husband, Truman Cassler, their adopted son, Edward, and Chester Johnson, sweetheart of the slain girl, each at the request of her attorneys, the preliminary hearing was continued until Friday.

With supreme unconcern, Mrs. Cassler, convicted once of murder in Chicago, made a blanket denial today at a Coroner's inquest of any connection with the death of youthful Miss Soutar, whose body was found in a swamp near Hebron, Apachic, as she has been during her stay in jail here and at trial for killing William Lindstrom, for which she was sentenced to death and later freed, the large woman of 40 years insisted she did not kill the girl who lived with Mrs. Cassler's husband while she (Mrs. Cassler) was in jail in Chicago.

Most of her testimony was in direct contradiction to that given by others at the inquest which began yesterday. She had never owned a gun, she said, and had never touched one in her life. The woman admitted with some indifference that her feelings had been injured somewhat by her husband's attentions to Miss Soutar.

SILENT ON SON  
While Mrs. Cassler was on the stand, Prosecutor W. W. Boarath filed an affidavit in Circuit Court charging her with murder. Judge Grant Crumpler also issued an order permitting Mrs. Cassler to have legal advice, denied her by Coroner E. H. Miller.

The filing of the affidavit charging murder indicated that Prosecutor Boarath was convinced the crime was committed in Indiana rather than in Chicago. Detectives in that city believed the girl might have been killed Monday at the Cassler home and her body left in Indiana.

Mrs. Cassler, who won her fight for life when a material witness died and another refused to testify in the Lindstrom case on the new trial, refused to talk to only one subject, the identity of her adopted son, accused of aiding his mother in doing away with the slender, ninety-pound, young woman. Her full face set with determination when the subject of the boy's parentage arose, she insisted that he had nothing to do with the case.

OFFICIAL SLAYS FAMILY  
VIENNA, June 4. (P)—Dr. Hugo Symann, 52 years of age, a high official of the government savings bank, last night gave sleeping draughts to his young wife, his son, 11, and his baby boy, six months, and then shot them and himself dead. Unsuccessful speculations were said to have motivated his act.

## Graf Zeppelin's Flight Date Set

FRIEDRICHSHAFEN (Germany) June 4. (P)—The Hamburg-American booking office announced today that the next flight of the dirigible Graf Zeppelin to the United States has been set for the 20th inst., weather permitting.

Major Crops Said to Need Heroic Treatment

WASHINGTON, June 4. (AP)—Assurance was given by responsible leaders in Congress today that they will support a recommendation to make \$500,000,000 available for the stabilization of agriculture as soon as the farm relief bill, which will authorize the proposed farm board to spend that amount, is enacted into law.

Among those who express the hope that President Hoover will send Congress an estimate for the full amount is Senator McNary of Oregon, chairman of the Senate Agriculture Committee. He said he thinks it advisable to give the board every opportunity to take the fullest advantage of the benefits intended to be provided by the relief legislation which is nearing enactment. Considerable interest was manifested at the Capitol in the immediate reaction to this information.

## COMMUTING ON BORDER CURBED

Mexico Wants Foreigners Working in That Country to Live There, Also

MEXICO CITY, June 4. (AP)—The Department of Interior has instructed immigration authorities along the Rio Grande, separating Texas from Mexico, to see that foreigners working in Mexico reside on the Mexican side of the border. Those who do not do so already will be given sixty days in which to change their residence.

Authorities also were informed no one company is to have more than 20 per cent of its employees foreigners.

The farm bill now in the process of final adjustment by the conference committee composed of Senate and House members, "authorizes" an appropriation of \$500,000,000, but does not appropriate the sum. It is customary for legislation to be so worded and upon its enactment the White House sends an estimate of how much ought to be made available.

It had been thought the Department of Agriculture would suggest an initial appropriation of one or two hundred millions. A number of farm leaders have taken the position, however, that the whole amount should be provided at once in view of the conditions facing several leading current crops which are held to be in need of early attention.

Many leaders have been watching the wheat crop with some concern and feel the board should direct its attention to its situation without delay. If the board were to buy up the surplus wheat crop, the leaders pointed out, about \$175,000,000 would be needed for this alone. In addition, they feel the cotton crop and perhaps live stock need the attention of the board.

## DOSE OF GOLD MEDICINE REVIVES GRAIN MARKET

CHICAGO, June 4. (AP)—The convalescent grain market received another dose of good medicine today and evinced a new interest in life. Congressional intentions to stabilize agriculture with a preliminary \$500,000,000 appropriation as an immediate probability was the remedial potion. Coming a half hour before the grain markets closed, the news produced traders' action and wheat prices started to finish 3 7-8 to 6 1-8 cents above Monday's close, resting at the day's highest level. Wheat for July delivery was quoted at \$1.08 1-8 to \$1.08 7-8 and for September at \$1.13 to \$1.13 1-2.

In two days, in fact, in less than an hour's trading at Monday's opening and today's close, wheat has scored the almost unprecedented advance of 10 1-3 to 12 cents a bushel, enhancing the value of the huge crop surplus of 1928 by millions of dollars. In the same span of time, corn values have moved up from 7 7-8 to 9 1-4 cents a bushel.

## PAPER ROW REFERRED TO MITCHELL

Postmaster-General Note on Ownership Transmitted to Justice Department

WASHINGTON, June 4. (AP)—The Senate transmitted to the Attorney-General today for "appropriate action" the report of the Postmaster-General showing the last statements of ownership filed by the publishers of the newspapers in which the International Paper and Power Company owns stock.

The resolution of Senator Walsh, Democrat, Montana, proposing that the Postmaster-General's report be sent to the Justice Department was adopted without debate or roll call.

The Postoffice Department report disclosed some of the newspapers in statements of ownership failed to show interests of the International Paper and Power Company. Officials of the power company told of their interests in thirteen papers at a recent Federal Trade Commission hearing.

The resolution also requested the Attorney-General to advise what legislation if any is necessary to make "completely effective" the law requiring newspapers to show their ownership.

## Young Attacker Sent to Prison

OAKLAND, June 4. (AP)—Rodney Murray 17-year-old "model Sunday-school boy," was sentenced to San Quentin prison for one to fifty years prior Judge Wood today for his confessed attacks on three Oakland women, including a University of California co-ed, in the East Bay during the last three months.

Judge Wood denied a petition to have Murray sent to Preston Reform School.

## LONG BEACH MEN HELD ON MANN ACT CHARGES

SAN FRANCISCO, June 4. (AP)—Two Long Beach men, Edward A. Rhodes and Joseph Woodhall, were charged with violations of the Mann Act by government agents today in connection with the disappearance from their homes in Bellingham, Wash., of Gladys Oving, 18 years of age, and Doris Chase, 23.

The men were arrested in Oakland last Friday with the girls, while two other Bellingham girls, Isabel Foster, 16, and Bobbie Spalding, 16, ran from the car and escaped.

## STOCKTON WIFE ADMITS MURDER

Mrs. Rablen Confesses Poisoning Husband

Put Drug in His Coffee During Dance

Receives Life Sentence to San Quentin

STOCKTON, June 4. (AP)—Mrs. Eva Rablen, accused of the murder of her husband, Carroll Rablen, by giving him poison in a cup of coffee, withdrew her plea of not guilty this morning and entered a plea of guilty.

She was sentenced to life imprisonment in San Quentin with no recommendation for parole.

## SUICIDE FACT

In a statement to Superior Judge J. T. B. Warner at Sonoma, before whom the plea was entered, Mrs. Rablen admitted that she had purchased the poison with which her husband was killed at his request and at the place where he directed her to go to get it—the Bigelow drug store in Tuolumne. She also declared in the course of a lengthy statement to the court that she had promised Rablen that she also would take poison.

Rablen was poisoned early in the morning of April 27, while his wife was attending a dance at the schoolhouse at Tuttle. His father, Steve Rablen, was a member of the orchestra which was providing the music for the dance.

## COFFEE BITTER

Rablen, a disabled war veteran, did not attend the dance, but sat outside the hall in his automobile. Shortly after midnight, Mrs. Rablen brought him a cup of coffee and several sandwiches. A short time later he was found in agony, doubled in the front seat of the automobile. Before losing consciousness he told people who were attempting to relieve him that the coffee had been bitter. Before a doctor could be obtained to assist him he was dead.

### SAGE OF INDIA ONLY MORTAL

Sea Voyage Enlightening on  
Tagore's Make-up

Journalists' Neglect Peeves  
Hindu Philosopher

Vials of Wrath Uncorked on  
American Attitude

Urad Begar, member of The Times staff, is one of a group of American journalists visiting the Near East for a study of conditions under the auspices of the Carnegie Foundation.

TOKIO, May 14. (Exclusive)—Two kinds of thinkers cannot keep step with their generation: Those who live in the past and those who live in the future. Rabindranath Tagore, the poet of Bengal, belongs to the civilization of which was born the Rubyat, when David was the Bobbie Burns of Israel.

In him are combined the wisdom and the ignorance of the Orient, the wisdom of the Indian mystics and their ignorance of modern thought and modern conventions. I have been thrown much in his company since leaving Los Angeles three weeks ago. He sailed with our party of journalists from San Francisco to Yokohama and is staying with us now at the Imperial Hotel.

**THE HUMAN CHANDA**  
His disciple and secretary, A. K. Chanda, corpulent, courteous, emotional, jolly, has served as our liaison officer. He drinks with us, plays bridge with us, swaps jokes and reminiscences with us, makes violent, tempestuous love to the American girls he meets and is one of the most delightful traveling companions one could imagine.

Chanda's loyalty to Tagore is touching in its sincerity and intensity. He sits at the master's feet, drinking his words of wisdom as a refreshing beverage, an oriental trait lost to the peoples of the West.

Tagore was disturbed when he learned he was to travel to Tokio with a group of American journalists. To him we were "unclean." He retired at once to his stateroom and announced that he would receive no one.

**CONSPIRACY OF SILENCE**  
We agreed among ourselves that we would make no attempt to disturb his privacy. We were not reporters seeking interviews and would not thrust ourselves upon him.

During the voyage to Honolulu he never came on deck. We saw him only when, wrapped in his flowing robe, his bare feet thrust into straw sandals, he glided like a ghost into the dining saloon and took his seat at a table reserved for him.

At Honolulu he delivered an address in a Buddhist temple, open for the day to the public. We learned later that he was surprised, chagrined, that none of the American journalists attended that lecture, that we sent back no cables narrating his strictures on Americans and the treatment he received, the indignities to which he was subjected within our gates.

**JUST HAPPENED SO**  
We had accepted an invitation to a luncheon given by the Pacific Relations League at the Royal Hawaiian Hotel and our absence was not intended as a mark of disrespect.

Chanda had mingled with us and talked of the master. We all expressed a high regard for his intellectual attainments, his lyric genius, but were not curious. He reported his experience back to Tagore and we were informed through this intermediary that Tagore would be pleased to meet us for an informal conversation in one of the reserved dining saloons after tea.

Tagore is old, possibly in his seventies. He wears the white beard of the prophets and the mantle of the years rests heavily on his shoulders. He spoke excellent English with a London accent. His voice is high-pitched, musical; but there are no bass notes, no gutturals.

**VOICE OF FUTILITY**  
The things he said would, from the lips of another, have sounded trivial. It was the voice of one crying for the years that were dead. The West is selling its birthright for a mess of materialism. Education has languished and the distress of his people has been intensified since the English came to India. The West is so busy getting rich that it has no time for silent contemplation, communion with the spirit within; and it is only through contemplation of the infinite that an individual or a people progress.

One of the journalists indiscreetly asked him concerning his impression of a recent publication, "Mother India."

The features of the master contracted, the tone of his voice changed. He was a prophet of the Pentateuch upbraiding the tribes for their sins, warning them of the wrath to come.

**HIS BOOK REVIEW**  
He was not surprised that such a book, such a tissue of falsehoods, should have been produced; but he was pained and shocked that so many in England and America should have purchased and read it. So many great books about India written by gifted Bengalese, had been translated into English, but they remained unread, while "Mother India," a libel and a slander, was passing into successive editions.

I gathered from the master that we Americans have acquired the vicious habit of reading what we like to read instead of what we ought to read and of trying to teach when we ought to be learning.

We listened to his words of wisdom, his strictures, in courteous silence, for we are not apologists for our country, its manners and its institutions. Our chairman thanked him for the honor he had conferred upon us and we stood at attention while he arose in his aloof, sepulchral majesty and glided from the room.

**TONGUE UNLEASHED**  
Our silence, which Tagore misinterpreted for assent, apparently raised us in his estimation. Since our arrival in Tokio he has expressed himself to some of us without reservation on the faulty reception of foreigners by American customs officials and the American press. Los Angeles was one of the worst offenders and a certain university president, himself a foreigner, should have known better. The young scoundrels of photographers and reporters for the Los Angeles newspapers should be annihilated. But this I must reserve for my next article.

## Will you present the Gift?

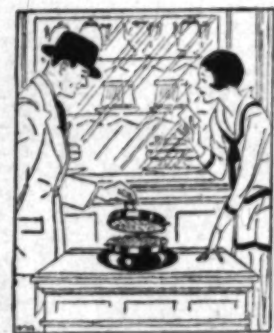

Dear Marion  
It means  
thanks for the  
Majestic!  
John gets a  
much - think  
out of me  
It is I do, and

Do you  
have a June  
anniversary  
to remember?

You naturally will want to give something very distinctive.

A Majestic Combination Hot Cake and Waffle Iron is just the thing! Perhaps the table appliances she now has are not quite as modern and convenient as they should be. The gift of a Majestic—full of the "last minute" touch—is bound to please.

A big point to know—one-third of all the waffle irons sold in the Pacific Coast States last year were Majestic. An indication of their extreme popularity with those to whom the best is the obvious selection.

## "... it's a Majestic!"

With informal entertaining more and more the vogue, pleasurable days are ahead for the happy couple who possess a Majestic Combination Hot Cake and Waffle Iron. Nothing else like it! It is a gift supreme for them both. They will be won by its beauty... intrigued by its adjustable features. The grids are reversible; one side for waffles... reverse them and you have two smooth, hot cooking surfaces ready for a variety of uses.

Just think! waffles, hot cakes, French toast, crumpets, canapés, and other delicious culinary dainties created in a few minutes... for the

bridge party... after-theatre treats... luncheon. The skill displayed in the construction is unique. The design is beautiful; the finish is made to last.

As a gift, be it anniversary, wedding or promised one to yourself, the Majestic is relative, for it reflects the good taste of the chaser... an appreciation of that which is

An exceptional value... a combination of electric shops, hardware, jewelry and stores) is to want it—for yourself and the desire to magnificently honor.

SEPTEMBER 21st TO DECEMBER 20th, 1929

Gaining intimate insight into the commercial, cultural and social life of many peoples—meeting the business and political leaders of 14 countries—engaging in delightful sightseeing and shopping tours—enjoying careful sports afloat and ashore—assuredly, if you accompany the Around Pacific Cruise, this will be the outstanding travel event of your life.

**W**HEN you voyage for three months around the greatest of oceans upon the super-liner "MALOLO," you will thrill with a thousand new experiences. Amidst scenes strange and unusual, every day will be removed far from the common-place.

Upon this cruise you will behold the colorful cities of the Orient, their bazaars and shops crowded with treasures of age-old artistry. "The changing East" you shall view—and likewise the *changeless* East, as it was long centuries ago.

Under the Southern Cross, where it's glorious summer in November, you will visit the great Commonwealth of Australia; scenic New Zealand, and the South Seas

isles of Fiji and Samoa, "picture-book lands" of quaint charm. Then a view of Hawaii's volcanic wonders, Honolulu and the Beach of Waikiki; and back to the American mainland in time for Christmas at home.

Traveling under the auspices of the San Francisco Chamber of Commerce, the entire cruise party will be extended exceptional courtesies in the various Pacific ports visited.

If you are interested in this distinguished cruise—the only one to include the Orient, Australasia and the South Seas—call or write for an attractive *illustrated prospectus*, with full details and deck-plans.

**REPARATIONS  
PACT REACHED****Ten Years of Clash on War  
Damages Ended****Total Germany Pays Slashed  
to Nine Billions****Agreement Also Decided on  
Belgian Marks Debt**

(Continued from First Page)

Schacht looking toward solution of the reparations problem of the redemption of German marks left in Belgium after the war for which Belgium is demanding thirty-seven annuities of 25,000,000 marks (about \$4,000,000).

**READY TO SIGN**

With the acceptance of the Belgians of the German proposal, approval of the experts' report embodying the reparations annuities suggested by Owen D. Young, the chairman, now becomes unanimous and the historic report, which must still be submitted to the governments concerned for ratification, will be signed either on Friday or Saturday.

The Belgians accepted the procedure proposed in a letter presented by Dr. Schacht yesterday to Mr. Young. In this letter the German government stated that it had appointed Dr. Erwin Richter, a ministerial director, as its special representative to handle the marks question and that he is prepared to open the discussion promptly. The German government also announced acceptance of the proposed procedure for settlement of the question of German marks. This disposed of the last conference point in four months of negotiations in the course of which the conference was twice on the point of breaking up.

**NO TERRITORY INVOLVED**

While accepting the procedure, the Belgians made the express condition that no territorial considerations will enter into the conversations. This disposed of reports that Belgium will cede back Eupen and Mieland to Germany, both of which districts she obtained by the treaty of Versailles.

It is understood, however, that the experts' committee report will not become effective until the marks question is settled between Germany and Belgium. This is in line with the expressed Belgian contention that she can not accept any settlement of reparations which does not include redemption of the German marks left in Belgium subsequently to become values.

The reparations experts brought their efforts to solve the reparations problem to a successful issue about 1 p.m. when the Belgians announced acceptance of the proposed procedure for settlement of the question of German marks. This disposed of the last conference point in four months of negotiations in the course of which the conference was twice on the point of breaking up.

**REDUCES DEBT**

The agreement, as will be notified to the reparations commission and the governments concerned, reduces Germany's reparations debt from about \$23,000,000,000 (percent value to \$9,000,000,000).

It will eventually give France between \$6,000,000,000 and \$6,000,000,000 francs (about \$1,000,000,000 and \$2,000,000,000) to reduce her interior debt, relieving the budget from 2,000,000,000 to 2,500,000,000 francs.

The accord incidentally is expected to facilitate ratification of the Allied war debts toward the United States since the settlement provides that annuities are to run throughout the period of the debt payments to amounts sufficient to meet them.

It also will lead to evaluation of the Rhineland by the Allied armies of occupation within the space of time required for necessary negotiations and material arrangements to withdraw the forces now there.

The experts' report will make the main recommendation that the annuities proposed by Mr. Young be adopted. These annuities call for the payment of 2,500,000,000 marks (approximately \$400,000,000) over a period of thirty-seven years; 1,700,000,000 marks (approximately \$280,000,000) over a period of twenty-one years; and 600,000,000 marks (approximately \$100,000,000) for one year.

**REACH AGREEMENT**

These annuities were accepted by the Germans with certain conditions which in turn were eventually accepted by the Allies with reservations, an agreement between both sides finally being reached.

The specific recommendations in the report will be:

- (1) Substitution of Mr. Young's annuities as agreed on the Dawes plan.
- (2) Substitution of "the bank for international settlement" for reparations commission to finance and distribute payments.
- (3) Settlement by the governments as soon as possible, and at the latest within a year, of the question of the obligations incurred by the successor states to Austria territory.
- (4) Reduction and recovery of taxes imposed by creditor countries on German imports from 26 to 20 per cent.

**MODIFIES LIEN**

(5) Modification of the Dawes lien on German railroads so as to permit Germans to finance them.

(6) Any eventual reduction in the Allied war debts to the United States to be applied in reducing the annuities due from Germany.

(7) A moratorium of two years to be eventually accorded on half of the protected part of 1,200,000,000 marks of the first series of annuities when financial difficulties on the Reich may require.

(8) Commercialization, as becomes possible, of the amount representing the present value of 50,000,000 marks of the first thirty-seven annuities.

The original bill presented by the Allies during the present conference called for thirty-seven annuities of 2,500,000,000 marks, twenty-one annuities of 1,700,000,000 marks and one annuity of 600,000,000 marks. It was estimated that this had a present value of between \$10,000,000,000 and \$12,000,000,000.

The Germans rejected this as being too high and made a counter-offer of 1,800,000,000 marks over a period of thirty-seven years which is estimated to have a present value of between \$5,700,000,000 and \$8,240,000,000.

The American delegation to the reparations conference today de-

**'POOR LO' SPEAKS HIS MIND****Taos Indian, Suing for Lands, Pays Respects to  
Meddling Whites in Trenchant Interview****BY HARRY CARR**

RATON (N. M.) June 4. (Exclusive).—Another case involving the land claims of the Taos Indians comes up in the Taos courts tomorrow. Among other things, the Indians claim the entire American town of Taos. Their contention is that Kit Carson and other white persons squatted on the Indian reservation lands at the time the trappers began pouring through the Rocky Mountains, just after the Mexican War, and that no one in the town has a vestige of title to his lands. Should the Indians prevail in their numerous lawsuits the famed art colony, all the hotels, theaters and what not will find themselves heaved out into the New Mexican desert.

**INDIAN INTERVIEW**

Albert Looking Elk, one of the leading Indians of the Taos pueblo, gave me a remarkable interview in which he discussed the well-meaning efforts of California women's clubs to help the Indians.

"Some of these white people mean well but they make a lot of trouble. They butt in too much," said Looking Elk.

"For instance, at the time of the Bureau bill, it was said that the sacred Indian dances were vile and immoral and that we acted like a lot of animals. We sent a delegation to Washington with good results and everything was being straightened out.

"Then along came one John Colyer, representing an association to help the Indians. He said if he could see the secret dances he would write about them and set things right.

"These dances have been secret, like the Masonic orders of the white man, for thousands of years. I knew that to reveal them would shatter the solidarity of our people. It would be the end of the Indian. When I found that some of our people were determined to let Colyer in, I armed my clan with guns and told Colyer we would die for our religion rather than allow this to happen. When he saw that he was going to start a war he backed out. But it has made trouble ever since.

**POISON WORKING**

"As a result of this incident, the Taos people are now divided into factions. The poison has gone into the blood."

Initially decided to sail for home aboard the Cunard liner Aquitania on Saturday. This is taken to indicate that the conference report will be completed and signed by Friday.

**GERMAN NATIONALISTS  
HUFFED OVER DEBT PACT**

BERLIN, June 4. (P)—German Nationalists walked out on their Reichstag colleagues in the Foreign Affairs Committee today when the coalition majority voted down a motion to take definite action now on the reparations conference in Paris.

The vote followed an extended survey of the experts' work to date by Minister of Finance Hilferding. To this Chancellor Mueller had added the urgent plea from the German experts' delegation not to enter into a political debate at the present stage of the negotiations. The Chancellor also on behalf of the Cabinet asked them to refrain from an extended discussion and assured the committee both that the experts were merely following their own conscience and that the German government remained absolutely free to accept or reject the Paris arrangements.

When the Nationalists found themselves out-voted, they left in a body. In a declaration following the meeting they stated that their opposition was based on a refusal to accept the terms agreed to by Dr. Hjalmar Schacht and his colleagues, but was "throttled" by the majority.

**HOOVER AND STIMSON  
LAUD YOUNG AND ASSOCIATES**

WASHINGTON, June 4. (P)—President Hoover and Secretary Stimson tonight dispatched to the American Embassy in Paris their congratulations to Owen D. Young, J. P. Morgan, Thomas N. Perkins and Thomas W. Lamont, American reparations experts, congratulating them upon the success of their work in devising a plan for the payment of the German World War indemnity.

The message from the President, which is to be delivered to Mr. Young said:

"I have heard with great satisfaction of the successful conclusion of the arduous work of the experts' committee. It is a most important step toward the restoration of international confidence and of national stability.

"You and Messrs. Morgan, Perkins and Lamont have given generous and wise advice and I send you all my sincere congratulations on the notable achievement of the committee."

In his message Secretary Stimson instructed the American chargé d'affaires at Paris to give Mr. Young and his colleagues his heartiest congratulations on the striking success of their work.

**WAYWARD PARENTS SCORED****Church Questionnaire Blames Adults for Assorted  
Capriciousness of Flaming Youth**

CHICAGO, June 4. (P)—Wayward parenthood was blamed for the capriciousness of "flaming youth" in most of the responses to a questionnaire distributed by the Diocese of Chicago, official Chicago publication of the Episcopal Church, the magazine announced today.

Not that youth was not rebuked; master of the Kent School, Kent, Ct.

"The young people I have contact with have clear standards and high ideals. I have more fears for parents than for the children," Dr. Charles H. Young, headmaster of the Howe School, Howe, Ind.

"I don't find any more frivolity or irresponsibility or shallowness or lawlessness among young people than among their fathers and mothers," Dr. Frederick C. Grant, president of the Western Theological Seminary, Evanston, Ill.

**RECOIL INEVITABLE**

There is bound to be some recoil from the child's observation of adult's violation of prohibition laws and motor speed and from adult's lack of interest in religion," Miss Florence Wells of Grifton, N. C.

**HOOVER FEELS  
NATION'S PULSE****Many Papers Clipped for Californians Plan Campaign  
for Senate Action****"Yellow Journal" Read Each  
Day as Part of Duties****Tariff and Farm Relief Get  
Most of Attention**

WASHINGTON, June 4. (P)—President Hoover is keeping a vigilant watch on the trend of public sentiment on the great questions of government as it is reflected in the press of all sections of the nation. Late each day there is placed before him his own specially prepared and private newspaper, dubbed "the yellow journal," not for its contents, but because it contains a compilation of news dispatches and editorial opinion gleaned from the columns of more than thirty-five daily papers which are received each morning at the Executive Mansion. But even this is not sufficient to meet the desires of the Chief Executive, and to it have been added the services of two specially selected clipping bureaus.

Essentially, the President's paper is a compilation of news dispatches and editorial opinion gleaned from the columns of more than thirty-five daily papers which are received each morning at the Executive Mansion. But even this is not sufficient to meet the desires of the Chief Executive, and to it have been added the services of two specially selected clipping bureaus.

"I have my schedule permits, Mr. Hoover," makes a careful study of the clippings before leaving his office, although he sometimes takes them to the White House proper and over them there a little later.

He prefers, however, to dispose of "the yellow journal" before leaving his office, as the papers are so numerous that it is not always possible to find time for reading in the evening.

President Hoover is most interested at present in the reaction of the press to two of the great domestic problems of the day, tariff revision and farm relief. Numerous journals from the agricultural Northwest have been added to the list of papers usually received at a White House, so that the President may have the latest news of the attitude of the press of the section vitally interested in these topics.

**UNES LARGE DAILIES**

The papers from which "the yellow journal" is compiled are the dailies of the larger cities. The compilation is made by two men who have been given over to the clipping bureaus. These, incidentally, were chosen with some difficulty, as first inquiries revealed that only a few of the papers made a practice of clipping editorials.

The President's own newspaper was established during the Wilson administration. It was the idea of Joseph Tumulty, President Wilson's secretary, and was used in varying degrees by both President Harding and President Coolidge. At the outset of the Hoover administration its scope was enlarged by increasing the number of papers from which it is compiled and adding the services of the clipping bureaus.

**STATE WILL  
SCRUTINIZE  
DEAL IN GAS****Southland Company's  
Contract for Natural  
Supply Leads to Hearing**

SAN FRANCISCO, June 4. (Exclusive).—A contract entered into by the Southern California Gas Company with the Standard Oil Company of California, covering a supply of natural gas for Central California points to be obtained from the Kettleman Hills field in Kern county, came under the scrutiny of the Railroad Commission today. The commission is to hear testimony proposed to investigate the "necessity and propriety" of the contract and set a hearing in the city before Commissioner Whitsett.

Southern California Gas Company has an application pending for permission to extend its natural gas pipeline service to several Central California points and also has had favorable action on a request to exercise a franchise to serve natural gas in Kern county. Section of the new action the commission issued a supplementary order setting aside the franchise permission and for rehearing and rebidding at the same time and place as the contract matter.

Almond growers are not satisfied with the increase granted on almonds in the House.

Pig growers, while satisfied with the increase from 2 to 5 cents per pound on fresh or dried pigs or pigs in brine, will ask that fig paste be brought under the increase.

The olive-oil producers will continue their demand for an increase of 150 per cent. The Copra will be kept on the free list if the Californians can keep it there.

Other California products for which the California Senators, with the backing of the Representatives, will ask an increase are: Avocados, frozen and dried eggs, casen, manzanilla, peach and apricot pits and agar-agar.

An arrangement was worked out today whereby the Representatives who have handed different California tariff proposals to the Senate, giving them their information and advice gathered during the House sessions on the tariff bill, one each of the schedules coming up in the Senate.

WASHINGTON, June 4. (Exclusive).—Lieu. Apollo Soucek, U.S.N., today flew a naval seaplane to an altitude height of 38,500 feet in what is believed to have been a successful attempt to surpass the existing record of 37,900 feet held by C. C. Champion, U.S.N.

Lieu. Soucek flew the same plane in which on May 8, last, he set the world's altitude record for land planes with an official height of 39,140 feet. The plane was equipped with floats and wing pontoons to fit into the seaplane class for his test today.

**MEXICAN NOTABLES  
IN NEAR DROWNING**

MEXICO CITY, June 4. (Exclusive).—Secretary of the Treasury Luis Montes de Oca and Secretary of Communications, J. Sanchez Medina, had narrow escape from drowning yesterday when the automobile in which they were riding fell into a river at Zempala, State of Puebla. They were rescued with difficulty by a group of Indians who witnessed the accident.

**TARIFF BOOSTS  
TO BE GUARDED****Californians Plan Campaign  
for Senate Action****Further Increases on House  
Proposals Hoped****Shortridge Wants Producers  
to Present Briefs**

WASHINGTON, June 4. (Exclusive).—California's Representatives and Senators met today to map out a campaign to protect increases on California products granted by the House in the Hawley tariff bill as it goes to the Senate and to lay plans to gain further increases in agricultural and mineral products, notably a long-staple cotton and manganese ore.

Called by Senator Shortridge, member of the Senate Finance Committee, which will hold hearings on the bill in the Senate, the congressional delegation discussed ways and means of best presenting California's case for increased schedules. Inasmuch as the Finance Committee will be split into subcommittees, the delegation appointed Senator Shortridge as the "liaison officer" between the California Senators and the Senate Finance Committee. Senator Shortridge will get in touch with producers immediately, giving them the facts of the situation and the need for the tariff on their products as soon as possible as the hearings will begin the 11th inst.

Representative Swing is carrying the fight for a tariff on long staple cotton and dates in packages of less than ten pounds to the Senate with the full backing of the delegation. Senators from Arizona and Texas, both producers of long staple, are understood to be backing the California fight in their request that this type of cotton be placed under a duty of 7 cents a pound. It is possible that Mississippi will swing the issue for the long staple cotton drive since the State produces it to some extent and it is the only type of cotton of which there are large imports. These imports come from Egypt and India and are sold to Mr. Swing. These imports have thrown the whole cotton market slightly out of line by forcing the domestic long staple cotton to a lower grade market. This has thrown the rest of the grade markets off. Mr. Swing said, working a hardship on all cotton markets, short and long staple alike.

Imports of low grade dates, packaged for the American trade, and competing with California fruit, are destroying the market for this type of goods, the conference agreed. They will ask for a tariff of 10 cents a pound on dates in containers of less than ten pounds.

Fancy table grapes, competing with English and Belgian-grown hot-house fruit, selling for as high as \$1 a bunch, are being "smothered" by California grapes. Representative Englebright of Nevada asked for the backing of the delegation today for a duty of 50 per cent on values in addition to the existing rate of 25 cents per cubic foot of the containers of imported grapes. The tariff Commission has tentatively agreed to the advance increase. Mr. Englebright also asked for a 50 per cent increase in the tariff on lupulin, a concentrated hop product, from 75 cents to \$2.25 a pound.

The Senate committee will be asked to raise the tariff on prunes from half a cent a pound to 3 cents a pound, the rate of other dried fruits. An increase of 3 or 9 cents a pound will be asked on dried cherries.

Almond growers are not satisfied with the increase granted on almonds in the House.

Pig growers, while satisfied with the increase from 2 to 5 cents per pound on fresh or dried pigs or pigs in brine, will ask that fig paste be brought under the increase.

The olive-oil producers will continue their demand for an increase of 150 per cent. The Copra will be kept on the free list if the Californians can keep it there.

Other California products for which the California Senators, with the backing of the Representatives, will ask an increase are: Avocados, frozen and dried eggs, casen, manzanilla, peach and apricot pits and agar-agar.

An arrangement was worked out today whereby the Representatives who have handed different California tariff proposals to the Senate, giving them their information and advice gathered during the House sessions on the tariff bill, one each of the schedules coming up in the Senate.

**MEXICAN NOTABLES  
IN NEAR DROWNING**

MEXICO CITY, June 4. (Exclusive).—Secretary of the Treasury Luis Montes de Oca and Secretary of Communications, J. Sanchez Medina, had narrow escape from drowning yesterday when the automobile in which they were riding fell into a river at Zempala, State of Puebla. They were rescued with difficulty by a group of Indians who witnessed the accident.

**SHERIFF TO SEE SUSPECT****Mystery of Tulare County "Murder Farm" Baffles  
Officials****PORTERVILLE, June 4.—Next step in attempting to solve the  
mystery of the alleged "murder farm" east of Ducor in the White River  
district, where children of G. P. Franklin, Sacramento carpenter, say  
they believe he murdered and buried his wife and little son, Dell, six  
years ago, will probably be an interview with Franklin himself, Sheriff  
R. L. Hill of Tulare county, in charge of the investigation, declared this  
morning.**

In the meantime Portland police have been asked to check Franklin's story that his wife and the lad were there six years ago, in order for the boy to undergo an operation on his throat, also that she has since been operating a rooming-house in that section.

Franklin is in the Sacramento jail with bail set at \$10,000 as result of statutory charges involving his three younger daughters. He was arrested a little over a week ago when an older son, Robert, told officers of brutal treatment of his youngest sister, Ruth, 14. Questioning brought to light charges of a most revolting nature against Franklin, alias Brown, concerning his entire family of ten children and abusive abuse of his missing wife and the dumb lad, who disappeared with her. Residents of Ducor district are circulating a petition requesting Sheriff Hill to bring Franklin, alias Brown, to the "murder farm" for questioning.

Franklin's children say their mother and little brother were home at noon six years ago, but that when they returned shortly after 2 o'clock in the afternoon they found the house empty. There has been never a word or a sign of them. They declare Mrs. Franklin was without funds to have gone away, that the house was so situated that a car could not have come for her and that she had been passing to the farm residence leading to the farm residence. Two of the younger children, declared a few days after their mother had gone.

However, excavating will probably not be resumed until further information is secured, according to Mr. Hill. He could not state at this time just when he will go north to interview Franklin again. Little faith in the Portland angle of the mystery, but developments there, if any, are awaited with interest.

vote can be mustered for this program it will be proposed in the Senate by Senator Watson of Indiana, the Republican leader, as soon as the farm-relief bill is enacted into law.

Final Congressional action on the tariff measure by November 15 would assure its disposition before the regular session opens in December as demanded by President Hoover.

BUTLER ASSAULTS  
HIGH TARIFF REIGN

NEW YORK, June 4. (P)—Dr. Nicholas Murray Butler, president of Columbia University, tonight assailed the high tariff as "nationalism gone mad."

Speaking at the one hundred and seventy-fifth commencement exercises of the university he attacked the doctrine that the government must assure a profitable domestic market to every producer with political influence enough to insist upon having it provided for him.

Dr. Butler arose from his sick bed to deliver his annual address and confer degrees upon more than 4500 candidates.

"It is this parasitical nationalism," he told the gathering of 25,000, "which frames public policies as if there were no other members of the human family but ourselves."

A prominent member of the Iron League, when informed of the settlement effected by the steel executives, predicted the league will be compelled to settle on the same terms. It thus appeared that all the men will be back at work within the next twenty-four hours.

The Panama Canal zone governors estimate that the canal will handle 600,000 tons of traffic annually between 45,000,000 and 50,000,000 barrels of oil. A new single set of locks would increase capacity to approximately 600,000 tons a year.

The length of the Panama canal was estimated by the Panama Canal zone governors to be 51 miles long and 15 miles wide. The canal is 15 miles long and 15 miles wide. The canal is 15 miles long and 15 miles wide.

**END NEARING  
FOR CHICAGO  
IRON STRIKE****Half of Union Workers  
Go Back to Jobs Today as  
Result of Agreement****CHICAGO, June 4. (Wednesday)**

(Exclusive).—A partial settlement of the ironworkers' strike was reached at a secret party which ended in the Hotel Sherman shortly before 1 o'clock this morning. Fifty per cent of the workers who have been out since last Saturday morning will resume work at 7 a.m.

The agreement was reached between Arthur Evenson, business agent of the Bridge and Structural Ironworkers' Union, and the officers of the Chicago Steel Erectors' Association, a group of employers independent of the Iron League. The Steel Erectors' Association employs about 50 per cent of the 2700 men who have been idle, and these will return to work on an agreement which meets all the demands the Iron League has until now rejected.

A prominent member of the Iron League, when informed of the settlement effected by the steel executives, predicted the league will be compelled to settle on the same terms. It thus appeared that all the men will be back at work within the next twenty-four hours.

**CANAL SURVEY DUE THIS FALL**  
Hoover to Name Committee  
Board of Engineers  
President Much Interested  
Nicaragua Project  
Cost of Cut Estimated  
Billion Dollars

WASHINGTON, June 4. President Hoover is expected in the near future to appoint a committee of army and civilian engineers to survey the possibility of another isthmian canal through Nicaragua to link the Atlantic and Pacific.

The survey, which was authorized in the Edge resolution adopted by the Seventieth Congress, with an appropriation of \$150,000 for the work, will be launched in September under present plans. The surveying the proposed Nicaraguan route, will study the possibility of additional locks and features of the Panama Canal.

**DATA BEING PREPARED**  
The board will be composed of three army and two civilian engineers and preliminary data for the survey are already being prepared by army experts. Since the \$1,000,000 fund will be insufficient for an extensive survey, Secretary of War Hoover says the civilian engineers will serve without compensation. About \$2,000,000, he estimates, will be needed to make a complete study of the situation.

President Hoover is known to be intensely interested in the establishment of the Nicaragua canal. During his South American tour before his inauguration, he made a study of the project and visited Costa Rica and Nicaragua and received expressions of interest from both President Morazan and former President of Nicaragua.

The army engineers who are doing the preparatory work for the proposed board have completed data and material prepared by the Isthmian Canal Commission in 1901, which recommended the Panama Canal construction and made a survey of the Nicaragua project, making borings and mapping a proposed route. It is expected by the army engineers that the new board will adopt the recommendations for the Nicaraguan route which were made by that commission.

**ROUTE OUTLINED**  
The route, as outlined in the preliminary plans being devised by the War Department, would start at Greytown on the Atlantic shore, follow the San Juan River for miles at Lake Nicaragua, then through the continental divide, enter the Pacific at Puntarenas.

The lower part of the divide is the Juan River forms the boundary between Costa Rica and Nicaragua. The army engineers estimate the construction of the proposed waterway would cost approximately \$1,000,000,000 and would take 10 years. The advocates of the proposed waterway contend it would be worth the outlay because it would afford a direct and interoceanic route for commerce and would be of great value in opening up trade routes in Central and South America.

The engineers' statistics show the length of the proposed Nicaraguan waterway would be 160 miles on land and 70 miles in water. That the water supply of the Nicaraguan route is much greater than that of the Panama Canal. The Panama Canal, the engineers estimate, would be increased from its present capacity of 100,000 tons of traffic annually to between 450,000 and 500,000 tons by the construction of the proposed Alhajuela dam at a cost of \$100,000,000. A new single set of locks, calculate, also would be added at a cost of \$100,000,000 to increase capacity to approximately 600,000 tons a year.

**Passenger Ship Reported Afloat**

TOKIO, June 5. (Wednesday.) The steamship Ugo Maru, carrying 700 passengers, most of whom are Russians, was reported on its way between Vladivostok and Kobe by the newspaper Nichi Nichi Shinbun today.

Other ships were reported to be in the area but no other details were available.

# The dealer who sells you Sunfreze is a Quality dealer — worthy of your patronage!

**WHEN** your dealer offers you Sunfreze Ice Cream, it is evidence that he seeks your patronage on a quality basis.

He knows that you and everyone of his many customers want only the best.

He knows that when he serves you with quality merchandise he satisfies your wants and builds good-will and prestige for his store.

And he knows that Sunfreze is a

## Greater Sunfreze Service Available Today

**EACH** of these quality dealers has served you well in the past. Now, in cooperation with Sunfreze, they are prepared to serve you in a *greater* way—Sunfreze filled-fresh at their fountains.

Until now, Sunfreze has been sold only in creamery-filled cartons. That was the only known way to safeguard it from the freezer to you. But this limited your opportunity to get Sunfreze. It was impossible to order it to eat right at the fountain.

Now, Sunfreze and Sunfreze dealers have found the way to give you full carton protection with fountain-filled service. Here it is. Every dealer is enfranchised to receive Sunfreze delivered fresh each day. Each agrees to serve Sunfreze, and only Sunfreze, and never to substitute or dilute quality. An exclusive Sunfreze protection!

This new service has already been tried and publicly

quality product — made from selected ingredients under the finest possible conditions. Because he is convinced of its excellence, he serves *only* Sunfreze in his store.

Naturally, if your Sunfreze dealer is sufficiently careful to supply you with this fine product, he *must be a quality dealer* worthy of your regular patronage, not only for Sunfreze, but for all the other commodities that he carries!

approved. Just five weeks ago, Sunfreze was announced filled at the fountain in individual cups with the Fruit on Top. Already these cups are an overwhelming favorite!

Your enthusiastic reception of the cups shows that you are delighted with their refreshing goodness and convenience; and proves that you want Sunfreze filled right at the fountain. Now, you can have it *fresh-filled in quart and pint cartons* as well as in cups.

### The Sign of Quality

To make sure you will always know where to get Sunfreze — your Sunfreze dealer displays *today* the distinctive red and gold Sunfreze emblem. *Look for this sign* in your neighborhood. And remember, it stands for that high quality — which is Sunfreze!

## CALIFORNIA DAIRIES INCORPORATED

Wherever you see this emblem—you'll find a Sunfreze dealer ready to serve you with quality merchandise.

# We pressed, sponged & "serviced" 8,000 garments last week

for Foreman and Clark wearers—without charge: just part of this real Service-after-Purchase!

The wide-spread adoption—in name, though not in fact—of Foreman & Clark's famous policy of Service-after-Purchase, and its abuse as an advertising, not a merchandising feature...prompts us to tell the world what Foreman and Clark wearers all know...the real

spirit and purpose of this unique idea. It originated years ago at Foreman and Clark...we practiced it for years before we advertised it...it still exists nowhere, (but in name), except at Foreman and Clark upstairs stores from coast to coast!

**F&C Service—**  
conceived as  
**a tailoring ideal to**  
**lengthen wear...**  
—not as a selling idea  
to hasten purchase!

**T**HE fine woollens in Foreman and Clark clothes need pressing less—but respond to it more perfectly—than any brand of clothing near these prices. F&C service-after-purchase was conceived to keep them always at their best—to lengthen their life by proper sponging and pressing—done over the same cleverly shaped blocks which mold that style at our factories! The proof that this service is founded on a sincere wish to render it fully—is best proved by the fact that in a single week we pressed, sponged and minor-repaired over 8000 garments for our wearers without charge or obligation.

**T**HE answer to all promise performance. Don't compare Foreman and Clark's free pressing, sponging and minor repairing through out the lifetime of your garments with any copied promises of "service-after-purchase." You'll find at reminding you about this service . . . never remind us. We conceive a obligation to you—and to these clothes—to keep them always looking best. Here's a service which becomes not less visible—but more and more insistent!—after purchase!

WILLIAM BOVIN.

of health and looks (twice) from him. He has certainly been to the U. S. For more than 10 years my wife suffered with trouble. After nearly every she would suffer agony from heart, bleeding sensation in the stomach. Sometimes she would get clear up around heart and she would just lay down and get her breath. She was very bilious and often had headaches and dizzy spells every night she would take a lot of cathartics for constipation, but they seemed to lose effect, and she kept getting worse. Her nerves were so bad that she couldn't sleep well, and in such a rundown condition that she just had to let her work go undone. We spent all fortune trying to find some one to help her, but in all those years we never found anything but this new "Bargin treatment" never saw such an improvement in anyone in my life. Since she started taking Sargon, Her life is so much better that she now eats hearty meals a day and has no stomach trouble of any kind. She's not nervous any more. She sleeps like a healthy child and finds her with new life and vigor. And when I see her about an entirely different woman. Sargon Soft Mass Pills got her active again. The nature in her and constipation is a thing of the past. She never has those headaches or dizzy spells any more. Her whole system is regulated and toned up to good. My daughter and I are also taking Sargon now and it is helping us to get on our feet. We will be about this new treatment. It is the finest medicine that I have ever seen. I am most grateful. Recently by William Bovin, resident of 2300 1/2th Place, Los Angeles. Mr. Bovin is connected with the Billings and is well known and respected. Sargon representative. Sargon is the result of this study at the Owl drug store, Broadway. Sargon may also be obtained at all other cities. There are Sargon dealers in every town.

# RESUME DEADLOCK

and California  
Negotiations  
New Point in New  
Negotiations  
Mohan Proposal as  
Discussion Basis

WASHINGTON, June 4. (Ex-  
clusive)—The Colorado  
commissioners today dis-  
missed a new proposal for a com-  
missioned act, apparently, at  
least, the old deadlock.

The new point was placed before  
the commissioners by Col. W. J.  
Mohan, former assistant Ator-  
ney General and chairman of the  
Colorado commission.

Mohan made answer that the  
commissioners were not mentioned  
in the new proposal, and Arizona  
will not consider any compact  
which includes the Gila River.

MOHAN QUOTED  
The commissioners again quoted President  
Mohan on this subject, and again  
said that if only main stream wa-  
ter was considered, California is  
entirely out of the field, she  
is building at all  
the building at all  
the building at all

# ALIEN PERSON? NO, SAYS HOUSE

Lower Branch Passes Moot  
Census Proviso

Reapportionment Foes Join  
South on Stand

New Advocates Hope to  
Make Measure Invalid

WASHINGTON, June 4. (Ex-  
clusive)—Midwest Republicans joined  
with southern Democrats in the  
House this afternoon in forcing into  
the reapportionment-census bill an  
amendment eliminating aliens from  
the census, as it is used to allocate  
the membership of the lower branch  
of Congress.

This proposal, which is of doubt-  
ful validity in view of the Consti-  
tutional provision that all "persons"  
be counted for reapportionment,  
would scale down materially the  
representation of the large cities  
and populous urban communities  
while boosting proportionately the  
number of Representatives from the  
rural sections of the country.

CARRIES TWICE  
It carried twice, by divisions of  
165 to 124 and 183 to 123, following  
two days of intensely bitter debate.  
The margin in its favor indicates it  
will stiffen the bill to the end, even  
though the result may be, as many  
of its proponents hope, to defeat  
reapportionment altogether.

To make matters even worse, the  
House a little later inserted an-  
other amendment offered by Rep-  
resentative Tinkham, Republican,  
of Massachusetts, similarly excluding  
from the reapportionment census  
count all persons over 21 not per-  
mitted to vote. This action climaxed  
years of effort on Tinkham's part  
to show up the asserted disen-  
franchisement of negroes in the  
Southern States. Many of those  
voting for it did so in a spirit of  
spite to get back at the southern  
western coalition which put over the  
anti-alien amendment.

The Tinkham amendment car-  
ried, 145 to 118.  
CLAUSE NOT VITAL  
The amendment barring aliens  
from representation in Congress was  
presented originally by Thurston,  
Republican, of Iowa, who proposed a  
clean-cut exclusion clause. What  
the House, sitting as a committee  
of the whole, finally approved, how-  
ever, was a substitute by Hoch,  
Republican, Kansas, specifying that  
if the paragraph in the bill were  
put to a court test and knocked  
out on Constitutional grounds, it  
would not affect the rest of the legis-  
lation. This was the concession  
that put it over.

Before taking a final vote on the  
measure the House will have an  
opportunity to pass again on both  
amendments, and any others the  
Census Committee desires to put to  
a separate test, and sober judgment  
may prevail when friends of reap-  
portionment are present in full  
force and understand that the prob-  
able effect of the two changes would  
be to kill the bill and again pos-  
sibly a reapportionment already  
more than eight years overdue.

SENATE SURPRISES  
The Senate, which is usually more  
responsive to the influences which  
operated in the House this after-  
noon, last week rejected an alien  
exclusion amendment by a decisive  
vote. If the amendment remains  
in the completed House bill, there-  
fore, it will apparently add to the  
difficulties now preventing the two  
branches getting together on sum-  
mer recess plans.

The exact effect elimination of  
aliens in figuring House member-  
ships would have on various parts  
of the country was not brought out  
clearly in the House debate either  
yesterday or today. It was stated,  
however, on apparently reliable fig-  
ures, that New York would lose  
six seats and as New York City has  
the largest alien quarter anywhere  
in the United States it is obvious  
the other States would gain or lose  
from that maximum.

According to statistics assembled  
by Senator Tyson, Democrat of Ten-  
nessee, presented during the Senate  
debate last week, California would  
be one of the States to suffer most  
under the proposal that aliens be  
excluded from the census reapportion-  
ment calculations. Tyson said  
that California would gain but two  
or three House seats, as against a  
certain gain of six seats if all "per-  
sons" are enumerated for reapportion-  
ment purposes, as the Constitu-  
tion stipulates.

CHANGES PASSED ON  
Before acting on the alien and  
negro amendments the House  
adopted or rejected a long series  
of other proposed changes. It took  
only a viva voce vote to knock out  
the Senate Wagner amendment  
providing for the placing of all  
census enumerators under civil ser-  
vice.

A Democratic move to knock out  
the section giving the President and  
Commerce Department authority to  
transportation after each succeeding  
census, if Congress fails to do so  
on its own account, was defeated,  
157 to 145.

CENSUS DATE SHIFTED  
Without a division and with little  
discussion the House adopted an  
amendment by Rankin, Democrat of  
Mississippi, leader of the opposi-  
tion, changing the date for the  
taking of the census from November  
1, 1929, to May 1, 1930. The theory  
of the amendment was that the  
latter date would find more persons  
on the farms, and make them more  
available for counting.

Swing, Republican of California,  
attempted to put through an  
amendment for the taking of a  
census of "needy aged," but was  
voted down, 95 to 78.

At the suggestion of Dickinson,  
Republican of Iowa, the Senate  
provision for a census of unem-  
ployed was stricken out, 104 to 87.

An amendment by Bankhead,  
Democrat of Alabama, providing  
that all aliens shall be asked how  
they got into the country was  
adopted, 163 to 123.

DRUG RING BROKEN UP  
OMAHA, June 4. (Ex-  
clusive)—A New York narcotic seller  
and the seizure of \$10,000 worth of  
drugs in this vicinity has led to  
the breaking up of a large drug ring  
which has been operating in the  
Middle West, Dr. O. A. H. De La  
Gardie, division narcotic chief of  
Minneapolis, announced here today,

# LINDBERGH LIKE SEA GHOST

Famous Honeymooners Appear for Moment and Then  
Scurry Away Around Cape Cod

VINEYARD HAVEN (Mass.) June 4. (Exclusive)—That flying bride-  
groom, Charles A. Lindbergh, who seems every whit as evanescent a sea  
ghost as the Flying Dutchman, appeared for a fleeting instant this morn-  
ing, only to vanish with his bride, Anne Morrow Lindbergh, off the idle  
studded harbor of Woods Hole, Mass., heading around Cape Cod by the  
outside route.

The world's most famous honey-  
mooners, aboard their trim love  
bark, the swift cruiser Mouette,  
were knitting the spindrift off the  
lower end of the cape this after-  
noon on their way to the Dwight  
W. Morrow estate at North Haven,  
Me.

Early today Coast Guards sighted  
the Mouette in the peaceful infre-  
quented harbor at Woods Hole.  
Delegations immediately set out to  
speed across the harbor to the  
honeymoon yacht, but before the  
eager visitors could pay their calls  
on the honeymooners, a tall man in  
sailor's white duck stalked the deck  
of the Mouette, weighed anchor and  
took the wheel.

Marine glasses revealed that the  
tall man was Lindbergh. He showed  
his navigating skill by neatly no-  
ding his pretty craft through the

Woods Hole Harbor.

LINDBERGH WEEK-END  
GUEST OF MORGAN PARTNER  
NEW YORK, June 4. (Exclusive)—  
Prof. Michael Pupin, Columbia Uni-  
versity scientist who has a home at  
Norfolk Ct., was quoted today as  
saying that Col. and Mrs. Charles  
A. Lindbergh spent Saturday and  
Sunday at Norfolk. George B.  
Case, associate of J. P. Morgan and  
friend of Ambassador Morrow, is  
said to have been the host.

It also became known that the  
colonel's idea of the honeymoon  
originated some time ago and that  
he had learned to run a boat and  
gone over the route to familiarize  
himself with the waters of the  
sound in advance.

Col. Lindbergh is said to have dis-  
covered last fall that the best way  
to get away from crowds is on a  
motor boat.

# CRISTERO ARMY LEADER KILLED

Mexico Announces Death of  
Gen. Goraztieta

MEXICO CITY, June 4. (Ex-  
clusive)—The supreme chief of the  
"Cristero," whose battle cry is "Long  
live Christ, the King," has been  
killed and that hard-fighting in-  
surgent army, minus its trusted  
leader, today faced extinction.

An official announcement at Cha-  
pultepec Castle said Gen. Enrique  
Goraztieta, chief of the so-called re-  
ligious rebellion.

Gen. Cedillo said the body had  
been embalmed and is being shipped  
to Mexico City to be turned over to  
relatives. He added he expected,  
since Gen. Goraztieta's death, to  
complete pacification of the troubled  
Jalisco district by the 15th inst.

Details of the insurgent's death  
were lacking, but it is believed he  
was killed near San Julian, where  
yesterday Gen. Cedillo had reported  
nine columns of his soldiers had  
enveloped the Cristero army and  
inflicted a severe defeat upon it.

The report of Gen. Cedillo added  
that officers of Gen. Goraztieta's  
staff had been captured, but that  
the "Priest, Pedrosa," a lieutenant,  
is still at large.

# When You Over- indulge

Every man, woman and child will  
occasionally over-indulge. But don't  
suffer for all your indiscretions. It's folly  
to do so. You can so easily sweeten and  
soothe a sour, upset stomach with a little  
Phillips Milk of Magnesia.

Heavy eaters have long since learned  
the quick comfort this perfect anti-acid  
brings. Smokers know how it neutral-  
izes nicotine; brings back a sweet taste;  
guards the breath. Women know what  
it does for nausea—or sick headache.

And when children have over-eaten—  
are bilious, constipated or otherwise up-  
set—give them a little of the same, please.

OFFERING TO INDIVIDUALS  
THE EFFICIENCY, ECONOMIES  
AND OTHER ADVANTAGES OF  
THE 30 YEARS' EXPERIENCE OF  
the largest home development organization in the West

Home of Myron A. Griffith, 3675 Aureole Boulevard

# ANNOUNCING A COMPLETE Home Building Service Designing...Financing...Construction

Important news to every individual who intends to  
build; the LOS ANGELES INVESTMENT HOME BUILDING  
PLAN now places at your disposal the 30 years' ex-  
perience, the tremendous buying power and the  
large financial resources of the largest home de-  
velopment organization in the west. To you, this  
means a better home at lower cost.

Briefly, here are the details of the complete  
"L. A. I." HOME BUILDING PLAN of designing,  
financing and building. You have the privilege  
of using all or any one of these three services:

1. Designing...bring us your ideas or rough sketches. Let us go over them with you. Then a complete set of plans will be prepared at nominal cost, which you will own. Or, have your own architect complete your plans and we will execute them.
2. Financing...You have your choice of two liberal plans:  
(1) Monthly Repayment: like rent; including interest and reduction of principal.
- (2) Straight Loan Plan: at 7% interest. Or we build for cash. Generous financing in approved districts.
3. Building...You can save money and have a better home under the "L. A. I." Plan. Here's why: We do work ourselves instead of subletting all contracts; we own our lumber yard, ing mill and hardware store; we buy high quality materials at lowest cash prices in large quantities. All these savings are passed on to you.

If you plan to build now or in the next few months, bring your problems to us. Highly trained specialists will take every detail and responsibility from your shoulders. You'll enjoy working with us, for you will quickly discover that we take a wholehearted interest in your enthusiasm and pride in planning your home. Come in and see us this week. Or, mail the coupon below for free booklet explaining in detail the "L. A. I." HOME BUILDING PLAN. 5000 satisfied families testify to its helpfulness.

IN ADDITION TO HOMES, OUR SERVICE IS APPLICABLE TO RESIDENTIAL INCOME AND COMMERCIAL BUILDINGS

# NEWS OF SOUTHERN COUNTIES

## FALL IN BATH TUB FATAL

Prominent Member of Woman's Club in Burbank Found Dead by Husband

BURBANK, June 4.—Despite the strenuous efforts of the inhalator squad from the Central Fire Station to resuscitate Mrs. Edna Pearl Love, prominent society matron and religious leader, who was found half immersed in a bath tub at her home, 1075 North Verdugo avenue, by her husband, Lew A. Love, Burbank real estate man, she was pronounced dead by attending physicians.

## Pomona Man Is Held to Answer in Love Feud

POMONA, June 4.—Guy Walla, 43-year-old son of Mrs. J. G. Walla of 698 East Fourth street, was today held to answer for trial in Superior Court on a charge of assault with a deadly weapon with intent to kill as an outgrowth of a shooting affray over the affections of Thelma Pepper, pretty widow residing at 905 East Tenth street, on the night of May 12, last, when in a fit of rage Walla shot Floyd Jones, 35, 607 North Eleanor street.

## Firemen Stop Morning Blaze

SAN DIEGO, June 4.—Fire which for a time today threatened to spread to a thickly settled district at 3775 Boston avenue, damaged two garages and a lumber pile but was brought under control by firemen after a hard half-hour battle today.

## Pomona Man Eludes Officers

UPLAND, June 4.—R. S. Chambers, 33 years of age, of Pomona, was sought by Southern California police today as the man who abducted Miss Margaret Rae, 17 years of age, of Upland, and held her captive in a Los Angeles hotel for two days, after having assertedly beaten her into unconsciousness.

## Bear Hunt in Redlands

REDLANDS, June 4.—The first bear hunt staged in Redlands for more than fifty years was a grand success, with a dead bear as the result.

## WOMAN PHYSICIAN DIES AT SANTA BARBARA

SANTA BARBARA, June 4.—Dr. Alice L. Goetz, 38 years of age, who was assistant school physician in the Santa Barbara public schools at the time she was taken ill, eighteen months ago, died last night in a local hospital.

## Lottery Raided in Pasadena

PASADENA, June 4.—Choosing this city for their field of operations, four of Dist. Atty. Buron Fitts' officers raided an asserted Chinese lottery place at 650 South Fair Oaks avenue last night and arrested eleven Chinese patrons, who were later released after depositing \$10 bail each at local police headquarters.

## CONTRACT AWARDED HUNTINGTON PARK, JUNE 4

The contract for the new school building to be erected in the West Maywood district of the Huntington Park Grammar School District was awarded to J. B. Justice, of Los Angeles, yesterday afternoon by the school trustees of the district, his bid of \$44,779 being the lowest of the thirteen bids.

## CHANGE OF NAME SUGGESTED EL MONTE, JUNE 4

EL MONTE, June 4.—The City Planning Commission has recommended to the City Council that Main street be renamed Santa Fe Trail because of the fact that El Monte is the end of the Santa Fe Trail.

## MASSONS TO CELEBRATE

MASSONS TO CELEBRATE. Master to Attend Corner-stone Laying of New Temple at Ventura. The Ventura county Masons will lay the corner-stone of the new temple at Ventura on Saturday morning at 10 o'clock.

## SAN DIEGO MAN DEAD IN WRECK

Automobile Turns Turtle on Mountain Road Near Jacumba Hot Springs

SAN DIEGO, June 4.—W. H. Gore, 45 years of age, San Diego restaurant owner, was killed almost instantly and his companion, Frank Sprong, 3986 Newton avenue, received a fractured left shoulder when their automobile overturned on the highway one-half mile south of Jacumba on the Imperial Valley-San Diego highway, early this morning, Coroner Schuyler C. Kelly reported.

## Hundreds in Fight to Stop Timber Blaze

RIVERSIDE, June 4.—Planes which for many hours have been furiously sweeping through virgin timber at the base of Tahquikita Park in the San Jacinto Mountains tonight were reported checked on the western slope of the range.

## Firemen Stop Morning Blaze

SAN DIEGO, June 4.—Fire which for a time today threatened to spread to a thickly settled district at 3775 Boston avenue, damaged two garages and a lumber pile but was brought under control by firemen after a hard half-hour battle today.

## Bond Opponents in Minority at Pasadena

PASADENA, June 4.—Arguments opposing this city's proposed \$100,000 bond issue to finance Pasadena's San Gabriel Canyon water project, which will be voted on this morning, appeared to fall on deaf ears when the city council last night.

## CITY TO CREATE HARBOR UNDER STATE LAWS

VENTURA, June 4.—Steps looking toward the creation of an independent harbor district were taken by the City Council last night.

## BUILDING ORDINANCE FOR SANTA BARBARA

SANTA BARBARA, June 4.—Consideration of county building ordinance similar to that enforced in most cities was referred to the County Health Department and Planning Commission by the Board of Supervisors today.

## GLLENDALE CONSIDERS NEW CITY CHARTER

GLENDAL, June 4.—The City Council today appointed a committee of five prominent business men to make a study of the city charter and to present such recommendations for its amendment as may be regarded as necessary.

## SALVATION ARMY TO OPEN SUMMER CAMP

REDONDO BEACH, June 4.—The fresh-air camp maintained here by the Salvation Army will open its summer season on the 15th inst., receiving as the first contingent of children who are given the privilege of two weeks at the beach, a group of children from San Bernardino by the State Tuberculosis Association under a program supported by the Community Chest of San Bernardino.

## VETERANS ENJOY SURPRISE REUNION

ONTARIO, June 4.—What started out to be a little "pot-luck" dinner for thirty members of John P. Dillon Camp, United Spanish Veterans, at the Elks' hall last night, developed into a Southern California U.S.V. camp reunion with 215 members present at the dinner table.

## PLANNERS REORGANIZE GLENDALE, JUNE 4

GLENDAL, June 4.—The Glendale City Planning Commission was today reorganized by the election of Maj. A. R. MacCleave to succeed W. P. Hope, as president, and of Mrs. Humboldt A. Evans, as secretary, to succeed Alfred R. Johnson.

## POULTRY AUTHORITY ON SCHOOL BOARD

INGLEWOOD, June 4.—When the Inglewood Board of Education convenes tomorrow night for its regular weekly meeting, George C. Stand, nationally known breeder of single-comb Rhode Island Red poultry, will take his seat as president of the board.

## COLORADO RIVER LOWER CALEXICO, JUNE 4

CALLEXICO, June 4.—Communication from the Lower Colorado River to the local office of the Delta Canal Company today reports the water has fallen nearly a foot at Pescadero and still falling.

## SEARS-ROEBUCK ROBBED

Safe Cracker Slages Sixth Successful Job in Riverside

RIVERSIDE, June 4.—Staging his sixth successful safe robbery within a period of little more than two weeks a yegg last night knocked the combination off the safe in Sears, Roebuck & Co., opened the strong-box by forcing the king-pin and escaped with nearly \$500.

## PATIENTS ESCAPE HOSPITAL

Drug Addicts Get Away from State Institution at Spadra

POMONA, June 4.—The State Hospital for Narcotic Addicts at Spadra still continues to add to its previous record of escapes, Sunday morning seven addicts making their getaway. Five of the men later were captured, two yet unaccounted for being the object of State-wide search.

## Council Acts on Protests of Citizens

ONTARIO, June 4.—Acting upon protests by seventy-four residents in the neighborhood of Ontario's old airport, the City Council today held the Exchange Orange Products plant under orders to cease dumping orange pulp or other citrus refuse on the tract between the Southern Pacific and Union Pacific railroad tracks and Benson avenue and San Antonio avenue.

## Farm Bureau May Assist Poultry Men

SANTA ANA, June 4.—The recent movement sponsored by the poultry departments in several southern counties in an effort to develop a California Poultry Council, was reported today as a probable new Farm Bureau organization.

## Bishop Ordains Young Priests at Old Mission

SANTA BARBARA, June 4.—Right Rev. John J. Cantwell, Bishop of the diocese of Los Angeles and San Francisco, will ordain six young Franciscan friars to the priesthood in an auspicious ceremony in the old mission church next Sunday.

## RAILROAD'S BUSINESS IN GLENDALE GROWS

GLENDAL, June 4.—The Southern Pacific today took over the entire operation of the Pacific Electric office at 108 North Broad Boulevard on account of the growth of the former's business carried on by the local branch, H. F. Lepran, who has been public Electric ticket agent in Glendale for twenty-five years, has been transferred to the San Pedro office and has been succeeded here by C. E. Moser, transferred from the Upland office of the Southern Pacific.

## OFFICIALS ATTEND GROUND BREAKING

VENICE, June 4.—Mayor Croyer, Police Chief Davis and other high officials attended yesterday's ground-breaking ceremonies for the new \$100,000 Venice division police station to be built on the Venice City Hall grounds. Gus Voss, president of the Venice Realty Board, introduced the speakers. Deputy Police Chief Lyons, Capt. Behrendt, Capt. Havens, Police Commissioner Gould, Will Ratray, Lester Rice-Wray, Mrs. George H. Hines, president of the Women's City Club of Venice and others made short talks.

## PIONEER PASSES

SANTA ANA, June 4.—Many residents of the Huntington Beach district today mourned the death of one of Orange county's earliest pioneers, George Gothard, 77, who died in Los Angeles.

## TRIAL DATE SET

LONG BEACH, June 4.—Trial of Raymond Hightower, 34-year-old negro, on charges of murdering his father-in-law, Joe Trayler, was set for July 14 in Department A of the Superior Court today. Hightower is charged with the murder of Trayler by reason of insanity.

## FUNERAL FOR PIONEER

GLENDORA, June 4.—Known throughout the San Gabriel Valley as the mother of Glendora, Mrs. Leodora Bennett Whitcomb, 90 years of age, who died Saturday at the home of her daughter, Miss Elizabeth Whitcomb, was paid last respects today at services held from the First Methodist Church here.

## WIFE IS WITNESS IN MURDER TRIAL

LONG BEACH, June 4.—Mildred Rodriguez, 17-year-old wife of Louis Rodriguez, on trial for slaying her mother, Rose, yesterday, was charged with attempted murder of his wife and assault on another man, told events leading up to the shooting and subsequent acts in her testimony at the trial of her husband today.

## HONORED BY ALMA MATER

HUNTINGTON PARK, June 4.—Rev. Harry Gray, who graduated from Anaheim College in Massachusetts several years ago, will receive his degree of doctor of philosophy at the reunion of his class in the East next week. Mr. Gray, a few days before the class of which he was a member graduated years ago, had an opportunity to take a trip to Europe, which he accepted, and he has never returned to the college graduation time. He left this morning to be present at the reunion and to receive his degree.

## SIXTIETH ANNIVERSARY

GLENDORA, June 4.—Friends of Mr. and Mrs. J. F. Reynolds last night gathered at the Reynolds home at 139 Belmont street to celebrate the sixtieth anniversary of their wedding, which took place June 3, 1869, at Prant, Pa. Among the relatives present at the celebration was Miss Anna Whipple, a few days before the class of which he was a member graduated years ago, had an opportunity to take a trip to Europe, which he accepted, and he has never returned to the college graduation time. He left this morning to be present at the reunion and to receive his degree.

## WATER SYSTEM UP TO LIMIT

Daily Consumption at San Diego 20,000,000 Gallons

All Available Pump Plants Called Into Service

SAN DIEGO, June 4.—Water consumption drawing on the city's supply has jumped to 20,000,000 gallons per day, figures compiled in the office of the city water department show. With warmer weather approaching, this draft will be increased further, city officials say.

## Supply Sent Directly Into Mains

For this reason much complaint is made to the department by women of University Heights that the water is hard and is unsuitable for fine laundry work. The water department finds it necessary at times to send some of the pumped water directly into the mains without passing through the filters, which accounts for the hardness of the water, it was explained.

STOCKS RENEW UPWARD TREND

Bullish Activity Resumed Moderate Scale

Industrial Group Average Sharply for Day

Commercial Solvents Rise Features Trading

NEW YORK, June 4. (P.)—The stock market again rallied today in moderate trading today, with two-score issues were up more than 10 points, but the transactions were but slight, shares, exceeding yesterday's turnover by only about 100,000.

Comparatively easy call removal of the last obstacle in the way of the signing of the new agreement, proposal of a new appropriation to maintain prices, further recovery of the market, revived foreign interest in copper and a resumption of gold movement from London, the first time since early May were factors promoting the rise.

Trading, however, was largely professional, with the market showing little disposition to break into the market after the pleasant experience of the month.

MONEY TIGHTER

Call money was but slightly higher than yesterday, running at 10 per cent and holding at that all day. Rumors were again in circulation that Federal reserve authorities were considering a relaxation of their grip on the money market.

NEW YORK, June 4. (P.)—Another violent advance in the American Superpower issues stimulated the recovery of prices in today's curb market. Nearly all groups participated in the rally. Although the advance was unevenly distributed, transactions continued in moderate volume, due to the absence of any extended public participation. The Federal Reserve board had relaxed its credit policy, coincided with another sharp advance in grain prices, contributed to the more cheerful feeling among professional speculators.

American Superpower "A" and "B" issues ran up nearly 14 points, with new records at 217 1/2 and 216, respectively. American Superpower "C" and "D" issues ran up nearly 10 points to 100 1/2 and 98, established in June. The new stock had risen from 84 to 100 1/2 in the month. The company has large equities in the newly organized Commonwealth and Southern and United corporations and in Public Service of New Jersey and United Gas Improvement.

Electric Investors ran up nearly 14 points to a new peak at 100 1/2, as compared with the year's low of 74 1/2. Southern Power ran up nearly 10 points to a new high at 100 1/2, and Allied Power and Light climbed nearly 7 points to a new high at 100 1/2. The new stock had risen from 84 to 100 1/2 in the month. The company has large equities in the newly organized Commonwealth and Southern and United corporations and in Public Service of New Jersey and United Gas Improvement.

Airplane issues presented several points of strength on reports of rapidly expanding business. Packer was marked up 6 points to 100 1/2, with gains of 1 to nearly 5 points in Aviation Corporation of America, Consolidated Aircraft, Keystone Aircraft, National Aviation and Western Aircraft.

Aluminum Industries was in demand on the reported sale of twenty planes last week, and a broadening of its business as a result of the recently announced time-payment plan.

Oil continued to anticipate further gasoline and crude oil price increases and constructive developments at the Colorado Springs conference this month. Illinois Petroleum and Transcontinental Oil climbed nearly 10 points to 100 1/2, and Standard Oil of California and Standard Oil of New York and Indiana climbed nearly 4 points to a new high at 100 1/2. Several of the investment trusts, particularly American Oil Trust, and Standard Oil of California, Standard Oil of New York and Indiana, and Standard Oil of New Jersey, were active in the market.

To expedite transmission the closing prices of the leading stocks are given below and both low and close when same as the high.

## An Outstanding Estate At Rancho Santa Fe

One of the most desirable estates at Rancho Santa Fe, complete in every detail. Charming Spanish type house, exquisitely furnished. Four master bedrooms, three baths with showers, entrance hall, living, dining and service rooms; two patios and two-car garage. Grounds elaborately landscaped presenting a mass of beautiful colorings.

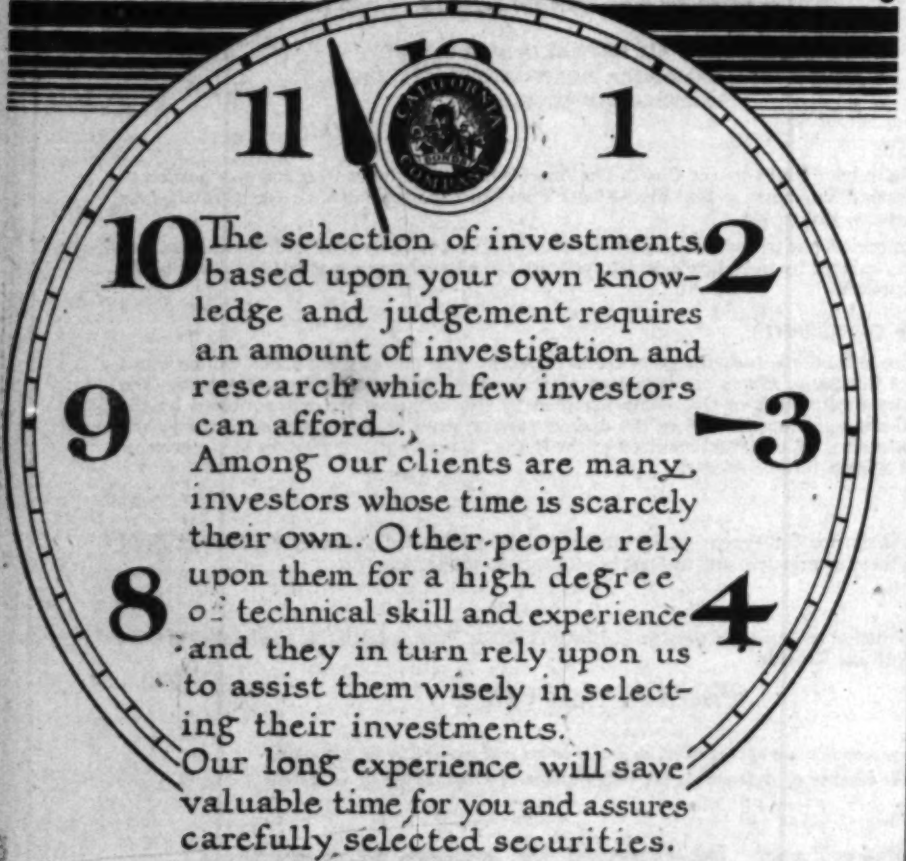

Inspiring views of San Dieguito Valley, rolling hills, distant mountains and many nearby homes and orchards.

This delightful estate consists of 22.18 acres, 19.50 of which are in oranges and four in avocados; and is offered at a price less than owner's actual investment.

Inspection by appointment only.

Address P. O. Box 11, Rancho Santa Fe, for full particulars.

## DOES YOUR TIME PERMIT?

The selection of investments based upon your own knowledge and judgement requires an amount of investigation and research which few investors can afford. Among our clients are many investors whose time is scarcely their own. Other people rely upon them for a high degree of technical skill and experience and they in turn rely upon us to assist them wisely in selecting their investments. Our long experience will save valuable time for you and assures carefully selected securities.

## LOS ANGELES EXCHANGE

## Petroleum Stocks Continue to Show Improvement, Led by Standard of California

Standard Oil of California led an upturn for petroleum shares on the Los Angeles Stock Exchange yesterday which was an extension of the initial strengthening move of the previous session. The list as a whole improved fractionally, influenced in part by the advance of 1 1/2 points to 78 for Standard which followed a 2 1/2-point rise on Monday. The stock closed up 1 1/2 net to 77 1/2.

Richfield was another strong spot—California Edison was particularly active on the balance of the board, which, as a whole, held to quiet levels. Douglas Aircraft shot up 2 1/2 points on a strong demand and reached 39 1/2 at the close, which was the high point of the day. Edison continued an active feature of the market and rallied 5-8 to 39-3/8. Pacific Air Products, recently inactive, turned a board lot at 31, off Douglas Aircraft and Southern 2 points.

**News of Ships  
and Sailings of  
Pacific Port**

SAN FRANCISCO, June 4, (UP)—  
A new liner, *Maunabo*, built for the  
United States Lines, is expected to  
begin service from San Francisco to  
Honolulu. The maiden voyage was scheduled  
for today, but the sailing has been  
deferred until the ship is put on the  
water. The ship is owned by the  
United States Lines, a subsidiary of  
the company of Kamehameha, late king of the  
Hawaiian Islands.

Chartered by the Shipping Board to  
transport mail, the *Maunabo* is a  
steamer. Emergency aid arrived today  
from the United States Coast Guard  
on the coast and to the east. Coast  
guarders are expected to arrive today  
company desires to continue to operate  
the steamer or return her to the  
United States.

PORTLAND, June 4.—Vancouverites  
are expected to see a new ship, the  
points embarked for California today.  
The Admiral, which sailed today.

Admiral Dewey, sailing from  
San Francisco only, has a full  
complement of passengers and crew.  
passenger name of the Admiral.  
The ship is owned by the  
United States Lines, and  
& Co., will centralize their line  
to the Pacific.

[illegible][illegible][illegible][illegible]

fuel oil and gas-oil at the Pan-American and Shell terminals.

Nippon Yusen Kaisha's freighter Kuma Maru arrived yesterday from New York on her maiden voyage to the port. She is loading out 1200 tons of rice and polish for Yokohama and Kobe and will sail at noon today.

The British motorship Muncaster Castle is due from New York today on her first visit here for the Barber Line. She will pick up 800 tons of coal here, en route to Japan via the Orizon for the Orient Express. A correspondent states that the ship is the forerunner of a fleet of fast British and Norwegian motorships which seem to have been developed to provide the Pacific. Doddrell & Co. are agents.

The rebuffed tanker Waschenaw will be sunk after a half mile southeast of the harbor today by her salvagers, Capt. A. A. Morris and Fred O. Henderson. Plans to spright her, towing her back into the main channel, where she sank last fall, have been abandoned. Air gradually will be pumped from

## MOORSON QUIZ LASTS ALL DAY

Cross-Examined "Frame-up" Case

Many Assertions by Other Witnesses

Revelation Told in Indirect Evidence

Los Angeles, June 5.—The trial of the two-year-old Jacob Moorson, accused of the murder of his father, continued today with the cross-examination of the witnesses. The case is known as the "frame-up" case.

## EQUITY FILM DEMAND MADE

"Closed Shop" Contract in Sound Pictures Insisted on by Association of Actors

A ruling that members of the Actors' Equity Association may engage in sound and talking pictures in Hollywood and elsewhere only under the form of contract adopted by the organization has been handed down by the association following conferences with Equity members in all branches of motion pictures, according to announcement yesterday from Frank Ollivier, of New York, president, who now is in Los Angeles.

## MASONS TO OFFICIATE AT BURIAL

Rites for George F. Field Will Be Conducted Today at Inglewood Cemetery

Funeral services for George F. Field, 80 years of age, until his death last Friday the oldest deputy in the Shrine's office in Los Angeles, will be conducted today at the Inglewood Cemetery.

## ROAR OF GUNS AND BANDS OPENS SHRINE JUBILEE

Parade Like Living Rainbow Thrills Crowds Massed on Route to Coliseum

(Full Page of Illustrations on Page 3, Part II)

The Shrine jubilee started with a bang yesterday morning. Twenty-one bands, as a matter of fact, roared from two guns of the Third Coast Artillery from Fort MacArthur stationed for the occasion just outside the Coliseum. The Stars and Stripes fluttered slowly to full staff above the entrance to the great amphitheater as 30,000 persons stood at attention. A chorus of strains screamed and the fifty-fifth annual Shrine convention was officially opened.

## HAWAIIAN BANQUET COLORFUL

Sala de Oro Transformed Into Island Village for Notable Event

The Blinnor's famous Sala de Oro lost the identity of its glided magnificence to the simple, seductive charms of an Hawaiian village under the moonlight of the South Pacific at the Al Malakiah Temple's banquet last night to the Imperial Divan, representatives and their ladies, in honor of the illustrious Imperial Potentate, Frank G. Jones.

## SHRINERS SHOW DIVIDENDS

Healthy Children, Once Crippled, Exhibited to Imperial Council by Hospital Group

Living proof of the miracles being worked within the whitened walls of operating rooms through the agency of the charitable heart of the Shrine was exhibited yesterday in the form of six healthy children, at one time crippled, who were introduced to 672 accredited delegates as part of the program of the opening business session of the fifty-fifth annual Imperial Council at the Biltmore Theater.

## The Lancer

by Harry Carr

IT BECOMES necessary for me to announce at this point that my heart is broken.

After thirteen years I have come back to see El Paso and Juarez. The quaint, colorful little border towns that I remember are no more. El Paso is a roaring young city, with about as much Spanish romance as Des Moines, Iowa.

## THE DEATH OF ROMANCE

It is strange; but Americans can squish all the color and interest out of any place that exists. The coronation of a Russian czar; or the burial of an imperial son of heaven from the pink walls of the Forbidden City would become like pay day at a copper mine if they left it to us Americans.

## AUNT HET

BY ROBERT GULLIAN

**CITY FOURTH IN ITS AUTO DEATH TOLL**

Only New York, Chicago and Philadelphia Record More Fatalities in 1929

Los Angeles ranked fourth for motor fatalities in American cities of more than 100,000 population during the first third of 1929, it is shown by a table just published by the National Automobile Chamber of Commerce. The highest four cities in motor fatalities so far this year are: New York, 379; Chicago, 181; Philadelphia, 136, and Los Angeles, 131. For the corresponding period of 1928, the motor fatalities of these cities were: New York, 343; Chicago, 210; Philadelphia, 111; Los Angeles, 118.

Tables for the month of March, 1929, show that Los Angeles recorded thirty-eight motor fatalities, as compared with thirty for Philadelphia, fifty for Chicago, and ninety for New York. In this same first third of 1929, when Los Angeles had 131 automobile deaths, Detroit had ninety-six, Cleveland, seventy-two. The local figures were furnished by the Automobile Club of Southern California.

**FINAL CALL COMES FOR MRS. AVERY**

Banker's Wife Passes Away After Two Weeks' Illness; Lived Here Forty Years

Following an illness which confined her to her apartment for two weeks, Mrs. Sarah Gordon Avery, wife of M. N. Avery, vice-president and manager of the guaranty office of the Security-First National Bank, passed away yesterday morning at the Chapman Park Hotel. Mrs. Avery was a resident of Los Angeles forty years and was the mother of Dr. Lewis Gordon Avery and Florence Lucile Avery.

Mrs. Avery was born January 1, 1855, in Waterloo, Mich., and remained there until her marriage in 1880. Her husband, at that time was a practicing physician, entered the banking profession following the family's moving to Los Angeles in 1889, founding the old German-American Savings Bank, now the guaranty office of the Security-First National Bank. Mrs. Avery was a member of the Elbel Club.

Funeral arrangements will be announced later.

**Yankwich Given Loyola Degree**

The degree of doctor of laws has been conferred on Superior Judge Yankwich by Loyola University, where the judge has been an instructor in pleading. The degree was conferred on Judge Yankwich for his services given in the cause of the legal profession by his teaching and his work on law he has written.

Judge Yankwich is the author of a book on California pleading, which is widely read by the legal profession. He is also author of a new book, just out, on libel and newspaper law, written for laymen.

**CAFE TO BE DISCUSSED**  
As a guest lecturer before the class in apartment-house management at university college, University of Southern California, Miss Florence Goodell, owner of the Figueroa Hotel Coffee Shop, will discuss the apartment-house cafe this evening in the Transportation Building.

BROADWAY • HILL • AND • SEVENTH • "ONE • OCLOCK • SATURDAYS"

**BULLOCK'S FASHION FABRICS**  
SECOND FLOOR • BROADWAY

**Silks for Holidays Ahead!**

**Outstanding Values in Smart Silks---Every Day at Bullock's**

"Bullock's shows the smart Silks first"—style conscious women observe.

Bullock fashion-rightness is not accident! All the far-reaching resources of Bullock's are bent towards that end.

The fine silk mills of the world are under constant scrutiny—famous design-

"I love to buy Silks at Bullock's," said a patron the other day. "I think it must be the warm courtesy I always receive. Truly, I always leave feeling like Madam President at the very least!"

However—Bullock's believes that at least part of her satisfaction was due to

ers work with Bullock requirements in mind!

What is new in Silks? What is sound style? With the longer skirts, what Silks will rule? What of the Spanish influence? Will Velvets repeat their triumph?

The Smart Silks First at Bullock's, yes! But more important still—Quality Silks Always!

the informed aid she received in styling her wardrobe.

Her salesperson told her that bright, clear colors lead the fashion parade. That high-keyed yellow-green is as smart for evening as for sports. That Paris predicts dark green for fall. That the nasturtium shades will be carried over into Autumn, evolving gradually into rust tones.

**White Silks and Satins \$2.45**

These are very beautiful Plain White Crepes and Satin Crepes. Heavy quality that makes the value outstanding. The ordinary pricing would be very much more than \$2.45! Exquisite for bridal or graduation gowns—or fashioned on sports lines for daytime wear!

**Popular Plain Crepes \$1.95**

In the clear, bright colors and delicate pastels, as well as street shades including a number of washable Tru-Hu Crepes. All these beautiful Crepes are of superb quality—40 inches wide. For dresses or the fashionable "Dressmaker" Ensembles—or for handsome coat linings. \$1.95.

**Tru-Hu Crepe Prints \$1.85**

And a glorious array of other fine Printed Crepes. Approximately 5000 yards at a price lower than they have reached before this season. Perfect for afternoon frocks or ensembles. The Tru-Hu Crepes are washable. Many attractive light grounds—splendid Bullock Silk Values! \$1.85.

**Beautiful Crepe Prints \$2.45**

Just arrived! Typical of the splendid June Silk Values at Bullock's. This is a very smart grouping—dark prints and light, summery types! New Prints on white grounds, Paris-inspired! All 40 inches wide—all of beautiful quality and unquestioned style-rightness. \$2.45.

Silks . . . . . **BULLOCK'S**, Second Floor, Broadway

A cartoon illustration showing a hand dropping blocks that spell out the words "WILL HE SPELL IT?". The blocks are arranged in a line, with the letters W, I, L, L, H, E, S, P, E, L, L, I, T, and a question mark. The hand is holding a block with the letter "I".

Upsets Feature First Round Play In Bel-Air Club Championship Tournament

BORDE ANNEXES INITIAL MATCH

Trims Corfman, 1 Up, After Stiff Battle  
Fox Hills to Stage Putting Championship  
Women's Auxiliary in Event at Brentwood

LOS ANGELES "TIMES" PRE-OLYMPIC CLASSIC, JUNE 15

BY EDWARD LAWRENCE  
First round matches in the second annual Bel-Air Country Club championship saw two favorites fall by the wayside and the defending champion, Harry Borde, barely nose out a win over D. C. L. Corfman, 1 up.

BY FRANK A. GARDUET  
The Times pre-Olympic marathon here June 15 should do much to stimulate local interest in an event which for years has been one of the blue-ribbon classics of the Olympic Games.

WHAT SPORTS AUTHORITY THINKS OF MARATHON RUN

BY FRANK A. GARDUET  
Athletic Club for the past four years, his ability was developed over a period of years and it is my belief after a long career in sports that these annual marathons will develop some real distance men.

WOMEN STAGE TOURNAMENT AT BRENTWOOD

The Women's Auxiliary of the Southern California Golf Association held a tournament at the Brentwood Country Club yesterday. Prizes were offered for most pars and least number of putts.

FOX HILLS ANNOUNCES PUTTING TOURNAMENT

The Fox Hills Country Club's first annual putting championship will be held Sunday. Play will be thirty-six holes medal over the two new courses.

WILSON'S 72 WINS MATCH PLAY AT MONTECITO

Milton Wilson shot a 72 to win the Montecito Country Club and Monte Cito Country Club combined match.

LOVELAND SCORES ACE IN GIRD TROPHYS

While Paul R. Watkins, with 75-76-145, was not a contender in the Chancery tournament at Gird over the week-end, it was Arthur Loveland who furnished the real kick of the tournament.

MRS. BROWNE WINS MEDAL HONORS AT LAKEVIEW

Mrs. E. S. Browne won medal honors in the qualifying round for the women's championship of the Lakeview Country Club yesterday with a 94. Mrs. James Horan was second with a 96.

CRAGADOUR IS FAVORITE IN ENGLISH DERBY TODAY

EPBOM DOWNS (Eng.) June 4. (P)—Three handsome colts, joint favorites for honors in the ancient and world-renowned Epsom Derby to be run tomorrow, stepped into their stables tonight ridden by the "it" and "butts" of turfdom.

BEAR ROWERS SET FOR RACE

California Draws Lane for Poughkeepsie Race  
Columbia, Cornell Teams in Adjacent Positions  
Twenty-one Outfits to be in Regatta

WHO'S WHO IN THE OPEN - By Peg Murray

BERKELEY, June 4. (Exclusive) Further proof that the 1920 National, intercollegiate championship rowing regatta at Poughkeepsie will be far and away the greatest event of its kind in all history is had in the announcement of the final drawings for lanes just received by the University of California rowing authorities, who will pit their world championship variety crew in the coming races.

RACE ENTRIES PASS 50 MARK

(Continued from First Page)  
The thirty-second running of the annual regatta will send a record-breaking total of twenty-one outfits in all to the starting line, including freshmen, junior varsity and varsity entries. California will not be represented in the junior varsity division.

ANGELS TACKLE MISSION SQUAD

(Continued from First Page)  
The latest brand of ball Killefer's team is playing. Gordon "Oaky" Glade and Mickey Finn are given a large bulk of the credit for the Mission's fast pace by Killefer. These two youngsters, who started as freshmen, have become varsity players.

Drury to Take Up Soccer

Morley Drury, former all-American football hero at the University of Southern California, will try his hand at a new sport soon. Drury has decided to play soccer and has joined the Los Angeles Athletic Club eleven which has full intention of playing with Manager Oscar Korman's team when the league season opens in the fall.

Racketers Get Trophy Award

Chapin Bristol, a graduate of the Harvard Military School and who is now a student at Occidental College, yesterday presented his alma mater with a large silver tennis cup. He awarded the cup to try to stimulate a greater interest among the students for varsity tennis.

# Track and Field Athletes Invited to Enter Mercury Tryouts at Bovard

## STARS TO WORK FOR NATIONALS

A.A.U. Championships to be Held at Denver

All Performers May Compete for Team Places

Fred Sturdy to Join L.A.A.C. Squad This Month

Every track and field athlete in Southern California has been invited to enter the L.A.A.C. try-out meet to be held at Bovard Field, U.S.C., Saturday afternoon. The meet is being held by Mercury Club officials, and athletes who turn in good marks will remain in training for the national A.A.U. championships to be held at Denver July 3, 4 and 5, next.

This meet is the second of a series of L.A.A.C. pre-nationals. The third and final meet will be held the 22nd inst., probably at the Coliseum. Deception try-outs will also be held and the dates will be announced soon.

"Every athlete will be allowed to compete Saturday," said Charley Keppen, club athletic director, last night. "Let the boys must stress their training. There will be no joyrides on the trip to Denver."

Clyde Blanchard, crack 440-yard hurdler, will arrive here from Tucson tomorrow and will run Saturday. He will likely enter the 440 and 880-yard runs. He has marks of 46 and 1m. 58c. for these events, as well as a record of 53 4-5s. for the 440-yard hurdles.

Fred Sturdy, local pole vaulter, who has been attending Yale University, will leave New Haven on the 18th inst. and will accompany the Mercury team to Denver on the 29th inst.

Babe Jackson out to upset Charvez

Babe Jackson, Tom Cox's rugged young middleweight, will attempt to slow down Jack Charvez, 19-year-old Mexican, when they clash in the semi-wind-up of next Saturday night's fight program at the Main-street Athletic Club. Charvez has won eight straight at the house of action.

Kano Nakamura, San Francisco Japanese, and Jack (Red) Stephens, Los Angeles 125-pounder, head the list of battles Saturday night.

## NEWSBOY BROWN SEEKING GO WITH KID CHOCOLATE

If Newsboy Brown can get by Blas Rodriguez in the ten-round main event at Hollywood Friday night, it may mean a New York shot for him against Kid Chocolate, the sensational Cuban negro who recently received a decision over Fidel La Barba.

Brown, who has deserted the flyweight division for bantam ranks to meet Rodriguez, has a good chance of landing the bout with La Barba's conqueror provided he can handily beat the Mexican scrapper, which is no cinch. Newsboy believes he is entitled to the shot with Chocolate for he was rated as one of the world's leading flyweights before he graduated to the heavier divisions.

Brown met La Barba twice and both times held the former flyweight champion to draws. There were many who contended that the Newsboy had an edge in both battles.

Canzoneri Cops Red Batters Rank Highest

(Continued from First Page)

Other New York idol, Al Singer. There were no knockdowns but Canzoneri smothered the dangerous Filipino with punches and won every round.

The debonair little Italian with features of a Babe Ruth, met Fernandez at the only style of the Filipino knows—free swinging slugging at arm-length range. He smashed and ripped at the Filipino's head and body, bobbed under most of Fernandez's sweeping punches and absorbed the remainder without a sign of trouble.

Canzoneri made Fernandez seem ridiculous at times as the Filipino punched at a man and found a phantom in his place. Tony led indiscriminately with his left and right and rarely missed the mark.

For four rounds, Fernandez, a puny craftsman who loves to punch, made a fight of it. From the fifth on it was just a question of the brown boy's ability to absorb Tony's slashing attack. Fernandez did so, but he stumbled to his corner groggy at the end of the second, fifth, sixth and eighth rounds.

Canzoneri's added weight since he quit the featherweight division seemed to have strengthened him considerably. He scaled 129 3-4 pounds to Fernandez's 128.

HOMER LEADERS

Tolson, Los Angeles	18

Heath, Hollywood	14
McLennan, Berkeley	14
Beane, Mission	14

bles. Brown has a wallop that would be a credit to a lightweight. He is the only scrapper to hold a knockout verdict over Young Nationalist and he also has a technical knockout over Speedy Dado to his credit. Johnny Vaca, who gave La Barba so much trouble, also is numbered among Brown's victims.

Charley Sullivan, the Jewish leatherweight with the Irish nose de guerre, is billed to tangle with Jimmy Fie in the semi-wind-up. Sullivan is coming fast in the fight racket and figures to beat Fie, but the Hollywood scrapper has upset a lot of boys favored to beat him.

Leonard Bennett and Ralph Leonard, two promising young lightweight graduates from the preliminary class to provide the excitement in the special event. Tom O'Leary, always on the lookout for "cards," is giving these youngsters a chance to climb up in the fight game.

Red Batters Rank Highest

(Continued from First Page)

Five members of the Mission Reds are listed among the first twenty batters in the Coast League. The league leaders, who make their first appearance of the season in Los Angeles today, have a team batting strength of .331.

Ernest Lombardi continues to lead all players in the averages with a mark of .428. Fussy Huff is pressing him closely with .412. A list of the twenty leading batters follows:

JOCK VICTORIOUS IN INAUGURAL HANDICAP

LATONIA (Ky.) June 4. (P)—Jock, E. B. McLean's sensational 5-year-old colt, today won the \$3000 inaugural handicap at the opening of the Latonia race track. L. B. Combe's Broadside was second, and the Audley farm stable's Easter Stocking third. Jock ran the mile and sixteenth in 1:44.

## Driving Like Hitting Nail

BY SOL METZGER

How must one hold any striking implement in order to apply the greatest force possible? Until that is clear the matter of gripping one's driver is mostly guesswork.

Experiment in driving a nail with its handle with the back of your hand parallel to the arc you must swing it. In that way you not only deliver the blow with maximum power, you will find that you also can guide the head true.

Next try driving the nail with the back of your hand facing it, as many try to drive a golf ball. What happens? The hammer is wobbly, your lack of power and have difficulty hitting true.

Grip a golf club as you would a hammer with each hand placed as you would it if you were driving the hammer from the right shoulder forward, first with one hand and then with the other. Remember that while you grip the club with your right arm, the left arm is the wrist, into your long shots with your right arm. Such a grip opposes the wrist, so both arms are in unison. Tomorrow—More about the grip.

When your approach shots hit the green, do they trickle off into the sand? Want to make them fall dead? Send stamped, addressed envelope to Sol Metzger, in care of The Times, and ask for his leaflet on "The Art of Picking."

## BETH TO MEET MALCEWICZ

Daro Signs Wild Bill to Tackle Utica Panther on Olympic All-Star Program

"Wild Bill" Beth, the wild 225-pound lumberjack who has furnished much of the excitement at the wrestling shows here during the last few months, was signed by "Carnation" Lou Daro, local mat promoter, to meet Joe Malcewicz, the sensational Utica mat panther, in one of the bouts on the all-star card he is planning for the Olympic next Wednesday night.

Whether this bout will be for the best two out of three falls to a finish; a one-hour time limit battle, or for one fall to a finish, was not decided upon yesterday. Malcewicz, it was reported, is holding out for a one-fall time-limit match.

Beth, who held Nick Lutze even for nearly an hour here several weeks ago, demands a three-fall match. Promoter Daro appears to be in favor of the three-fall bout, and may side with the lumberjack in the dispute.

Malcewicz declared he was willing to accept the three-fall bout if the match would be the final one on the card. Dick Davis, the tough Kansas who gave Ed (Strangler) Lewis such a terrific battle here several weeks ago, will face Nick Lutze, the popular Chicago heavyweight, in the finish feature event of the card. This match will be for the best two out of three falls to a finish.

EDDIE TOLAN TO RUN IN TWILIGHT MEET

NEW YORK, June 4. (P)—Eddie Tolan, University of Michigan negro sprinter who recently defeated George Simpson of Ohio State, was announced today as the first to accept an invitation to run in a twilight meet the 17th inst. at the Yankee Stadium for which an all-star field is being assembled.

Stanford and the Sacramento Junior College crews competing, a real Pacific Coast regatta of the oarlocks could be staged. In bygone years the Stanford crew was one of the big names of national competition.

Since California's success in the 1928 campaign for world honors, crew interest has been hopped up considerably at Stanford. The Cardinals could work out on a stretch of water closer to their campus than the Oakland estuary is to the University of California campus.

Stanford is confronted with the problem of man power and the need for other athletic additions before it undertakes to reintroduce crew. Now that the students have decided for the sport, the next step is with the board of athletic control.

## Navy Boxers in Limelight

BY FRANK T. HARVEY

Navy fight fans in the battle fleet will be given an opportunity to see many of their favorites in action against civilian glove throwers during the coming week.

Civilian matchmakers have signed up a number of sailor fighters since the fleet has been at anchor and they will appear at various arenas from now until the fleet departs for San Francisco on the 15th inst.

Johnny Buff, former flyweight champion of the world, who recently was discharged from the dreadnaught West Virginia, has opened up a gymnasium in San Pedro, where a number of sailor fighters are training daily, and through his efforts boxing interest, which has been on the wane in the fleet for the last three years, has been revived.

ERIC PEDLEY LEADS UPLIFTERS SUNDAY

Eric Pedley, captain of the undefeated Uplifters' polo team, will remain in Los Angeles for one more game before going east for business reasons that may win him a post on the American cup team.

Pedley has led the Uplifters through seven successive games on the summer schedule to date, and the Rustic Canyon club squad has yet to taste defeat.

Will Rogers, the well-known rope-twisting humorist, is practicing with the mallet and ball daily, and may perform Sunday with the Cowboy team that will face the Uplifters, but in case his ponies are not in shape, Hal Roach will captain the squad. Hal Roach will captain the squad. The game will be called at 2:45 p.m. according to Snowy Baker, who is staging the affair.

Howard Fick  
TROJANS ENTER  
CHICAGO CLASH  
Twelve Local Athletes  
Collegiate Trackmen

University of Southern California's track team, winner of the place in the I.C.A.A.A. championships last Saturday, has a 12-man team in the National collegiate A. A. championships at Chicago Friday and Saturday. The team will probably have only one chance to win as it is believed that the team from the University of California, which was eliminated in the I.C.A.A.A. through injuries will not be in time to participate.

The Trojans certainly are a force to be reckoned with in the big Chicago meet. They have won the 100-yard dash, the 200-yard dash, the 400-yard dash, the 800-yard dash, the 1,600-yard dash, the 3,200-yard dash, the 6,400-yard dash, the 12,800-yard dash, the 25,600-yard dash, the 51,200-yard dash, the 102,400-yard dash, the 204,800-yard dash, the 409,600-yard dash, the 819,200-yard dash, the 1,638,400-yard dash, the 3,276,800-yard dash, the 6,553,600-yard dash, the 13,107,200-yard dash, the 26,214,400-yard dash, the 52,428,800-yard dash, the 104,857,600-yard dash, the 209,715,200-yard dash, the 419,430,400-yard dash, the 838,860,800-yard dash, the 1,677,721,600-yard dash, the 3,355,443,200-yard dash, the 6,710,886,400-yard dash, the 13,421,772,800-yard dash, the 26,843,545,600-yard dash, the 53,687,091,200-yard dash, the 107,374,182,400-yard dash, the 214,748,364,800-yard dash, the 429,496,729,600-yard dash, the 858,993,459,200-yard dash, the 1,717,986,918,400-yard dash, the 3,435,973,836,800-yard dash, the 6,871,947,673,600-yard dash, ## SOCIETY

BY JUANA NEAL LEVY

Celebrating their forty-fifth wedding anniversary, Dr. and Mrs. Hugh Kelso Walker will entertain this afternoon and evening with a reception at their home, 2642 Van Buren Place. No cards, however, have been issued. The afternoon hours will be from 4 to 6 o'clock and the evening from 8 to 11 o'clock.

Dr. and Mrs. Walker have made their home here for the past thirty years and have a host of friends in the Southland who will call to offer congratulations.

Assisting the hosts in receiving and presiding at the tea and coffee urns will be Mrs. William Bayly, Mrs. James Fullwood, Mrs. W. E. Howard, Mrs. J. E. Burns, Mrs. Herbert Wylie, Mrs. O. J. Ford, Mrs. Morgan Galt, Mrs. R. E. Mancy, Mrs. Henry Hauser, Mrs. I. K. Wilson, Mrs. Mary Rapp, Mrs. S. P. Johnson, Mrs. Allen Ware, Mrs. Edith Long, Mrs. W. N. Gill, Mrs. Hattie Durbin.

In the receiving line also will be the children of the hosts, Miss Jane Walker, Miss Margaret Walker, Mrs. Allen Hunter, Mrs. John Allen Ware, William Walker and his wife, Hugh E. Walker, Jr. and Joseph Walker.

Mrs. Walker will receive her guests in a gown of black lace.

**For Daughter**

Honoring her daughter, Miss Margaret Browning Clark, a charmingly appointed tea will be given Saturday afternoon, the 15th inst., at the Pacific Coast Club, Long Beach, by Mrs. James Edward Haley of 1320 Indiana avenue, South Pasadena. Mrs. Haley and Miss Clark have returned from an outing in the mountains of Colorado, where they went for the latter to recuperate after a long illness.

**Afternoon Reception**

Mrs. Hector Geiger of 7357 Franklin avenue, Hollywood, will give a reception Friday afternoon with 150 invitations have been issued, the hours being from 4 to 6 o'clock.

Assisting in receiving will be the daughters-in-law of the hosts, Mrs. Kenneth M. Bissell and the Malcolm H. Bissell, while Mrs. Samuel Garretson, Mrs. Frederick H. Smith, Mrs. J. C. Brill and Mrs. Elmer Mansfield will preside at the tea table.

Dr. and Mrs. Malcolm H. Bissell and their daughter Eleanor arrived from the East last week and are guests at Mrs. Geiger's home. Dr. Bissell is to give several courses in geography during the summer session of the University of Southern California, similar to those he gave at the same institution last summer.

**Home Again**

Mrs. A. Thomas Welles, Jr. of 1411 Berkeley avenue, A. Davis, Misses, Mrs. Welles has for the past two months been the guest of her uncle, Judge Sloan of Maryland, at his Cumberland home. With her on her trip were her two children, the elder of her two children, 3 years of age.

**Bridge-Dinner**

Mr. and Mrs. R. J. Ellis of 5350 Almont street entertained Saturday evening at their home with a bridge and dinner, a buffet supper being served at midnight. Those included were Mrs. Welles, and Misses, C. M. Cornwall, Clarence Kerr, Archer Hart, Glen Passmore, David Ayer, Howard Neely, D. R. Dudley, Walter Francis, A. Davis, Misses, Eleanor Neal, W. J. Neff, Lina Passmore, Walter Orr, M. Shoner, Al-bayer and Barbee, and Mr. and Mrs. Dumby of Iowa, who are here to attend the Shriner's convention.

**Home From School**

Among the students who are arriving home this week from eastern schools will be Miss Verabelle McCarty and Miss Patricia Louise Laack, who attend the Bennett School at Milbrook, N. Y. Miss McCarty is the daughter of Mr. and Mrs. R. E. McCarty of Grand-cent Drive, Beverly Hills, while Miss Laack is the daughter of Mr. and Mrs. Arthur Laack of Kingsley Drive.

**Lovely Affair**

Mrs. Gladys Cannon Helm entertained with a smart garden bridge- tea at her home in North Palm Drive, Beverly Hills, Saturday afternoon, May 25, in honor of Miss Anne Sabine Egan, whose wedding with Henry Clay Williams will take place the 19th inst. The garden tea was abloom with masses of spring flowers and the appointments were carried out in the bridal motif. Mrs. Helm was assisted in receiving by her mother, Mrs. Orala Helm and Miss Kathryn Meynon. Mrs. Helm and Miss Meynon will be among the attendants at the lovely ceremony taking place in Wilshire Congregational Church. Thirty-five guests enjoyed the affair.

**Back From Trip**

After a delightful trip of six months in the Orient, Australia, and many places seldom visited by travelers, Dr. Marcia A. Patrick has returned home and is again domiciled at the Women's Athletic Club in South Hope street.

**Prenuptial Affairs**

Miss Johnnie Barton Smith, daughter of Mrs. John Ridley Smith of Normandie avenue, whose wedding with Harry Dale Lloyd will be an event of next Tuesday, was surprised with a miscellaneous shower, sponsored by the Misses Ella Ludwig, Margaret Harris and Mrs. M. DeYoung, at the home of the bride-elect's mother, recently. Many beautiful and useful gifts were found at the end of the treasure chest.

Among the guests were Mrs. Andrew Billings and Misses Dorothy Tibbetta, Esther Thompson, Kathryn Hattenbeck, Margaret Lindley, Theresa Bartlett, Sophie Gensler, Helen Domero, Kathryn Cresswell, Beale Nettie, Ella Funk, E. Owen, Helen Wickham, Edith McGurney, Josephine Blake, Leslie Lawrence, Lillian Wallace, Rose

**The Right Powder**

Doesn't Show On Your Skin!

The art of powdering is not to look powdered! The professional beauty who lives by her looks knows better than to powder carelessly. She uses a subtle silicon powder—Pussywillow—in the exact skin-perfect tones of her own complexion, which instantly blends with her natural flesh tone and can't be detected. Its exquisite respect of effect clings softly and becomingly for hours. Get a box of Pussywillow to-day in the correct shade for your skin—it comes in five skin-perfect tones and white.

**PACIFIC COAST BUILDING-LOAN ASSOCIATION**

351 S. BOYLE ST., LOS ANGELES

**Can you afford to be poor?**

Six per cent and safety now means independence later. Salary, wages, or business alone seldom makes money—that takes saving and investment. Call, phone, or write us.

**THE TINTEX GROUP**

Products for every home—dyeing and dyeing need. Tintex Gray Box—Tints and dyes all materials. Tintex Blue Box—For late-trimmed silks—the silk, lace, remnant white. The only thing for restoring whiteness to all white materials. at all drug, dept., stores 15¢ and notion counters.

**Tintex TINTS AND DYES**

PARK & TILFORD NEW TINTS AND DYES. GUARANTEES THAT TINTEX WILL PERFORM.

## CHEF WYMA RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southwest Building, 130 South Broadway.

## YEAL RAMEKINS

One pound of diced, cooked veal, one-quarter of a pound of cold, cooked ham, one tablespoonful of chopped parsley, six cooked button mushrooms, four tablespoonfuls of white sauce, two eggs, salt and pepper, one cupful of rice, two cupfuls of stock, cook the rice in the stock until tender, then drain, line buttered ramekins with this, mix together the veal and ham, the parsley, sauce, seasonings, chopped mushrooms, and yolks of the eggs, fold in the whites of the eggs that have been beaten until stiff; place this mixture in the prepared dishes, cover, and steam for twenty minutes. Serve hot with a tomato sauce.

## FRENCH APPLE PIE

Line a deep pie tin with a good short pastry and bake until brown; peel, core and cut in quarters, twelve small tart apples, and place them in a saucepan with three tablespoonfuls of powdered sugar, two tablespoonfuls of butter, the grated rind of half a lemon, and one teaspoonful of cinnamon, let simmer slowly until the apples have been reduced to a thick, smooth paste; cool and add to them three tablespoonfuls of apricot jam; and the stiffly beaten whites of two eggs, pour into the baked pie shell and when cold cover with whipped cream that has been flavored with vanilla.

## MACARONI IN TOMATO CASES

Take large firm tomatoes, one cupful of cold boiled macaroni, one cupful of white sauce, a seasoning of salt, and paprika, one-half a cupful of grated cheese and three tablespoonfuls of chopped, cooked ham, cut off the tops of the tomatoes, and scoop out some of the centers, mix the macaroni, white sauce, seasonings, with some of the scooped-out tomatoes and ham, cover with cracker crumbs, dot with butter, sprinkle over the cheese, place in a baking dish and bake in a medium oven for fifteen minutes.

## FRUIT TAPIOCA

Heat in a saucepan one and one-half cupfuls of milk and four tablespoonfuls of sugar, bring to a boil and stir in gradually a half-cupful of fine tapioca, stir until it boils, and cook in a double boiler for fifteen minutes, allow to cool, then add one cupful of whipped cream and one teaspoonful of vanilla extract, pour the mixture into a ring mold, and set in the ice box for four hours unmold on a round dish, fill the center with a mixture of preserved peaches, and apricots; sprinkle over the top with half a cupful of blanched, toasted, and shredded almonds, and half a cupful of chopped maraschino cherries.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in subsequent Friday editions. (All rights reserved by A. L. Wyman.)

## GUIDING YOUR CHILD

**STAR-GAZING**

Children naturally love the stars. They feel the mystery and beauty of them long before they become aware of the mystery of things on earth. But stars are not only able to pick out a few of them and call them by name they remain to him simply pricks of light in the dark dome of heaven.

The young child does not want to know about light years, nebular hypotheses or the revolutions of the earth about the sun. But if you go walking with him in the moonlight evenings of spring he will be charmed to follow your pointing finger as it traces for him the big, bright, brilliant stars.

Shook him the Big Dipper, the Little Dipper, the stars that lie midway between the two. The Milky Way, Orion, with his brilliant belt and sword; the Seven Sisters, the Little Dipper, all these you can readily teach him.

Later on he will want to know more. He will wonder why the moon is different every night; why the stars are so bright and so dim; and others. You can ask him what the Milky Way is made of; how big are stars, and how far away.

If you yourself know little about the stars to begin with, so much the better. You will be less likely to overwhelm him with your information on a subject so vast as to be rather terrifying to the young child. A little star finder at small expense and from it find the constellations if you have forgotten them. It will pay you in terms of pleasure and companionship with your child to familiarize yourself with one of the many books about stars which have been written especially for children.

**Appeal Denied in Suit Involving Small Amount**

No appeal can be had to the District Court of Appeal or to the Superior Court from a breach of contract or similar action involving less than \$500 when such action has been tried in Justice Court and appealed to the Superior Court, where it is tried de novo. This was the gist of a decision handed down yesterday by Justice Craig in the case of M. C. Maddux vs. Joe Mora, tried in Riverside county and in which Maddux obtained a judgment for \$250.48. The Superior Court of that county affirmed the award when the defendant appealed.

Mora then attempted an appeal to the Appellate Court in Los Angeles and it was on his appeal that Justice Craig wrote his opinion, which was concurred in by Presiding Justice Works and Justice Thompson.

**QUESTIONS AND ANSWERS**

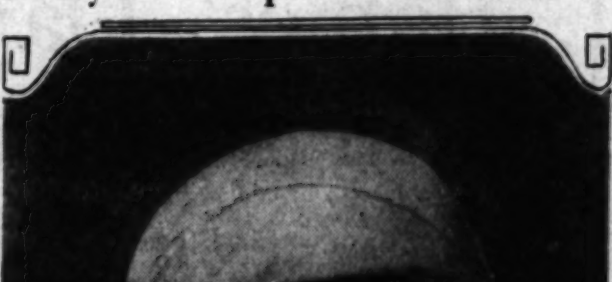

**Broken Capillaries**

Question—A. J. L. asks: "Please advise what treatment to use for broken capillaries in the face and neck. Skin very fine, without pimples or blackheads."

Answer: Twice daily treat the face by rubbing it with ice. Hold the ice for fifteen or twenty seconds over the place where the capillaries are broken, then move it to the

## SHE WILL BECOME BRIDE TODAY

Honeymoon Trip Via Canal Planned

Miss Maybelle Lucille Whalen

THE marriage of Miss Maybelle Lucille Whalen, daughter of William W. Whalen of Huntington Park, to Richard Hare Hawkins, son of Mrs. Margaret Lane, of Los Angeles, was celebrated at St. Vincent's Church, with Father Martin O'Malley officiating. Five hundred invitations have been issued. A wedding breakfast will be held at the home of Mrs. Lane, 1434 West Twenty-ninth street, and a reception will feature the afternoon. Mr. Hawkins and his bride will leave tonight for New Orleans.

These by boat to Cuba for a week or ten days, then by way of the Panama Canal to Cartagena, Colombia, where they will make their home.

Mr. Hawkins was graduated from Loyola College. He returned for a vacation after two years in Cartagena, met Miss Whalen and the wedding was hastily planned so he could take his bride back with him. A wedding breakfast will be held at the home of Mrs. Lane, 1434 West Twenty-ninth street, and a reception will feature the afternoon. Mr. Hawkins and his bride will leave tonight for New Orleans.

## YOUR BABY AND MINE

Mrs. E. J. F. writes: "You have helped me before, can you help me now? My boy is 11 months old and isn't trained to the stool yet. I started when he was about 7 months old. When I try to regulate him at 8 o'clock in the morning I have to use a suppository, and then during the day he has several movements in his diapers. The doctor thinks that four movements daily is normal for him."

**ADJUST TRAINING TO CHILD'S NATURAL HABITS**

Mrs. J. F. writes: "You have helped me before, can you help me now? My boy is 11 months old and isn't trained to the stool yet. I started when he was about 7 months old. ## HOUSEHOLD SUGGESTIONS

**Try a Different Style**

If you find your slippers show beneath your dress in the back, stop wearing the sort with the shoulder straps and buy the kind with the built-up shoulders. You will find this style will not slide up in front and down in back and prove annoying.

**Thorough / Renewed**

The shabby overnight bag may be washed with soap and water, then rubbed well with an old rag. Then give it a couple of coats of liquid shoe polish followed by a coat of clear shellac

# Parade Proves Veritable Riot of Hues

## BLIMP ESCORTS PARADE TO COLISEUM

### Airship Leads Shrine Marchers in First Official Flight

Goodyear Airship Leaving Hangar at Ross Field, Arcadia

**THE VOLUNTEER.** Goodyear's new blimp, which later is to be used here as a training airship for a fleet of dirigibles the Goodyear company plans to put in operation from Los Angeles to Honolulu, made its first official California flight yesterday by leading the Shrine parade from an altitude of 2000 feet.

horses, led by the leader on a snow-white stallion, wearing a robe of purple and yellow. The other members were the multicolored costume of the Arabic sheik, with cloaks of varied hues.

The official escort division of Imperial Potentates Jones, with Nobis Charles P. Huchins as marshal, came next. Leading this section came Arabia, Houston, Tex., home temple of the Imperial Potentate. The band was dressed in green coats trimmed with gold braid and white trousers, led by a drum major in a snow-white uniform with black boots.

The patrol in red pants and green sash executed marching maneuvers as they moved past the stands. They were followed by officials of the temple in black suits, with cape of black satin lined with gold satin.

Following with short marching step and snappy music came Heia, Dallas, with band and patrol attired in a uniform of cream satin and white shoes. They were preceded by the color bearers carrying the flag of the Lone Star State and the flag of the city of Dallas. The last tempo gave the patrol opportunity to display some very clever formations during the march, and squares, circles and the intermingling of band and patrol were carried out with a precision that was roundly cheered.

**TEXANS FOLLOW.** Moshah, Fort Worth, followed, the band of seventy-five wearing old rose waistlets, rose sash, light green pants, green hose, white shoes. The patrol was in like costume, except the leaders who wore purple waistlet and red pants, with sash of gold.

Alasfar, San Antonio, appeared next with the band in green velvet coats and white trousers, while the patrol wore a light green waistlet and cream trousers.

Then came the division followed by the officers of the Imperial Divan led by Imperial Potentate Jones, riding in a cream and black open car, flanked by four motorcycle riders in black and white uniforms on black and white machines. The Imperial Potentate's car was devoid of decorations, except his official standard and blanket over the head in red, yellow and green, which carried his rank and title.

He was followed by Deputy Imperial Potentate Leo V. Youngworth of Los Angeles, who will be named to the ranking office tomorrow. Youngworth rode in an open car painted in the official colors of red, yellow and green, and bearing his standard and blanket.

**OFFICERS CHEERED.** As the two open cars carrying the highest officers circled the stadium track the crowd stood and cheered wildly. The applause and plaudits were acknowledged as the two men stood and bowed almost continuously. Youngworth held his hands clasped in greeting as he responded to the loud calls of his name.

Then came closed cars carrying in order the other members of the Imperial Divan, with the official blanket of red, yellow and green each hood. Riding in these cars were Imperial Chief Rabbis, Esten A. Fletcher, Rochester; Imperial Assistant Chief Rabbis, Thomas J. Houston, Chicago; Imperial Priest and Prophet, Earl C. Mills, Des Moines; Imperial Oriental Guide, Clifford Ireland, Florida; Imperial Treasurer, James C. Brown, Los Angeles; Imperial Recorder, James H. Price, Richmond; Imperial First Ceremonial Master, John N. Sebrill, Norfolk; Imperial Second Ceremonial Master, Dana S. Williams, Lewiston, Me.; Imperial Marshal, Leonard P. Stewart, Washington, D. C.; Imperial Captain of the Guard, Hugh M. Caldwell, Seattle; Imperial Outer Guard, Clyde I. Webster, Detroit.

**PAST POTENTATES.** Following the Imperial Divan came the autos with the sixtieth

turned over to Al Malakiah Temple Sunday for use by the Shrine during the convention here this week, the Volunteer, with L. S. Rouseville, president of the Al Malakiah Temple, aboard, took off from Ross Field, Arcadia, yesterday at 8:45 a.m., and after proceeding to the head of the Shrine column on

Past Imperial Potentates including John H. Atwood, Abdullah, 1899-1900; Lou B. Winsor, Saladin, 1900-1901; Philip C. Shaffer, Lu Lu, 1901-1902; Henry C. Akin, Tangier, 1902-1903; Frank C. Roundy, Medina, 1903-1904; J. Putnam Stevens, Kora, 1904-1905; Henry F. Niedringhaus, Moolah, 1905-1906; Charles E. Over-shire, Zarah, 1906-1907; Elias J. Jacoby, Murat, 1907-1908; W. Freedland, Kandrick, Lu Lu, 1908-1909; James S. McCandless, Aloha, 1909-1910; Conrad V. Dykeman, Kismet, 1910-1911; James E. Grandier, Ararat, 1911-1912; James C. Burger, El Jebel, 1912-1913; David W. Crossland, Alcazar, 1913-1914; Clarence N. Dunbar, Palestine, 1914-1915.

As members of the Imperial Divan circled the track they were greeted by cheers from the delegations from their home temples. All the members of the Imperial Divan and Past Imperial Potentates wore blue serge coats, white flannel trousers and white shoes, with the feet bearing their rank in gold and the jewels of their office pinned to lapels.

**YOUNG WORTH HUGGED.** Youngworth was greeted with hugs and embraces by older members of the order seated near the official box and tears gathered in the eyes of his friends as they demonstrated their great joy at his near approach to the top of the ladder of the Shrine.

Soon the third division with Marshal Noble Raymond I. Fuller in the lead moved into view. Damascus, Rochester, headed this division, with band uniforms of scarlet waistlets, gold sash, green pants and white leggings. The patrol leader was followed by the patrol wearing a burmose of gold and a cape of gold over uniforms of dark red.

Syria, Pittsburgh, was heralded by the arrival of a huge elephant in gorgeous trappings and a blanket of red, tan and green, with lettering in silver giving the name of the temple. Officers of the temple, attired in formal afternoon dress and carrying canes, came to present saber as they passed the stand. Then came the band of forty-eight members, followed by the patrol in pale blue coats, gold trousers, darsling in their costumes of red and gold were the members of the oriental band which preceded the chanters in black suits and flowing capes of white satin lined with gold.

**FIFTH DIVISION.** Aladdin, Columbus, headed the fifth division, with band; Koren Rawlings, Wyo., followed with band and patrol; Oasis, Charlotte, carried the Stars and Bars of the Confederacy with their colors, with band; El Korah, Boise, band and patrol; Zenobia, Toledo, band, drum and bugle corps; Za-Ga-Zag, Des Moines, their contingents came in dark green, orange, cream, with chanters; Aloha, Honolulu, band and bugle corps; Ad, Duluth, light blue uniforms trimmed in gold for band and patrol; Kalif, Sheridan, Wyo., a bit of the West in this group with chaps on their leader, and band; Algeria, Helena, patrol; Derak, Reno, band and patrol; Abu Bekr, Sioux City, arrived with chanters singing the Gata song and carrying red umbrellas, a band, with the mounted patrol riding twenty-eight cream while Arabian horses executed crack formations which were loudly cheered.

The final division was led by Nile, Seattle, with band and patrol; Hullah, Ashland, Or., drum and bugle corps; Mirza, Pittsburgh, Kan., band and patrol; Midland, Wichita, band; Aznash, Oakland, band and patrol; Akdar, Tulsa, drum and bugle corps and patrol; Al Bahr, San Diego, heavily applauded as they appeared with band of sixty and officers wearing black satin cloaks; Almenah, Nashville, band, patrol and drum and bugle corps; El Karubah, Shreveport, band; Ben Ali, Sacramento, which closed the color pageant presented a band, drum corps and patrol, with the chanters in the last group.

**THEN CHICAGO.** Then with the roar of music from a 115-piece band, Medina, Chicago, reported largest temple in Shrinehood, came on the scene led by a standard bearer carrying a name banner of black and gold. The great crowd roared its applause as the band switched to "California, Here I Come," and the officers of the temple in cream flannel suits dipped in salute to the reviewing officials. The drum major affected a costume of gorgeous hue, only rivaled by the striking Zouave uniforms of the band. The patrol followed in their uniform of green, with red stockings and then the

Girdles, step-ins and corsets in broken line of sizes.

# Great Circus Maximus Gives Mammoth Coliseum Throng Afternoon of Thrills

## FIFTY THOUSAND SEE SPECTACLE

Rare Acts Dazzle Crowd at Opening Matinee

Aerial Performances Amaze Attending Throng

Crowd and Large Band Help Make Show Complete

"And that, ladies and gentlemen, concludes the matinee performance—we hope you enjoyed the show—and we thank you, one and all, for your kind attention."

The voices of Abe Lefton, dapper announcer, boomed out yesterday through a score of amplifiers over his head and reverberated throughout the Coliseum. Fifty thousand people arose, shook peanut shucks from their laps and stretched as only a crowd that has been sitting tense for three hours can do, and streamed out of the stadium, thanking the Shriners for a thrilling afternoon.

Yes, the circus is in town; and, say, Shrimay, what a wow is it! It's a circus the like of which you never saw before. No big top. A tentless, smiling, freakish circus, without any lions, tigers, hippos or such! Whoever heard of a circus without tents, animals, freaks or wild and ferocious animals? Well, nobody—at least not until the Shriners hit upon the idea of giving Los Angeles a Circus Maximus.

### CLOWNS OPEN SHOW

And that's what Los Angeles—it appeared from a glance at the stadium—was turned out yesterday to see. Only gladiatorial combats and togas and Caesars were lacking to make it a twentieth-century reincarnation of the original Circus Maximus, an institution in the days of ancient Rome.

While a blazing sun beat down upon the huge amphitheater the colorful crowds filed through the tunnels to the blood-thirsty arena of Al Malakiah's sixty-piece band. A few minutes after 2 o'clock, Announcer Lefton stepped up to the microphone, announced that the acts on the long program had been made possible through the co-operation of the R. E. O. vaudeville circuit, and commanded: "On With the Show!"

A vast horde of clowns swarmed out into the arena and proceeded to cut up a succession of antics, dances or whatever it is that clowns are supposed to cut up, while aerial acrobats by the dozens, stepped gingerly to the mass of apparatus erected on the grassward of the oval and started to strut their stuff.

### HAIR-RAISING ACTS

And what hair-raising stuff! For instance, there was the team of Rita and Dunn. Announced as the "highest light-wire walking artists in the world," they climbed to a crew's nest atop a pole that rose 130 feet into the air and emptied out their bag of tricks. With bated breath the stands looked on as two pairs of brilliant pearl lights containing Rita, and her partner walked, danced, juggled balls, sat on tables and even hung by their toes on the dizzy high wire, without benefit of a safety net below.

Five rings of acrobatic activity kept all eyes working overtime trying to take it all in. Now and then, for a brief moment, a particularly hazardous solo act was accorded the spotlight, or perhaps sunlight would be more accurate, and attention directed to the "amazing, stupendous, death-defying performance" of Billy Guyer.

Take the case of Billy Guyer. He had the arena to himself for a few seconds, but in that brief spell he caused 50,000 hearts to pop up into 50,000 throats as he executed his high dive. On a tiny platform, no larger than the top of a cigar box, he seemed, he poised himself for one breathless moment, reared distantly for a split-second, then tumbled backward into space, turning over three times in his descent and disappeared beneath the placid surface of a five-foot tank of water 150 feet below. The crowd gave him a thunderous ovation; that is, all excepting one small boy who was heard to boast, more perhaps to himself than to listening ears in his vicinity, that he "could do that without batting an eye."

### BEE STAR BRILLIANT BOY

Another backed for several minutes in the warm glow of undivided attention was Bee Star. Bee, doctored novelty acrobatic act, for the execution of which it is necessary for her to appear in the Al Malakiah bandmen gave up blowing their brass and retired to the sidelines in favor of Al Sweet's band, which played for the rest of the afternoon.

### TEXAS MUSICAL GROUP UNIQUE

Mosiah's Symphony Orchestra Real Individualistic Organization

Among the fun-making organizations in the ranks of the visiting Shriners is the famous Symphony Orchestra, sponsored by Mosiah Temple of Fort Worth, Tex. Personnel of the orchestra is made up of members of the temple's drum corps. Each one has a distinctively different costume and all are able to play different tunes on the instruments at the same time. P. E. C. Gurtler is leader and his garb is a reminiscent of the old-time German band.

## SINGLE TICKETS PUT ON SALE

Shrine Also Adds Circus Acts to Coliseum Program for Tonight

There will be an added treat for those who attend the official Shrine parade in the Coliseum tonight in the form of an hour's entertainment by star acts of the Circus Maximus. It was announced by Le Roy M. Edwards, director-general. Several thousand single admission tickets for the Shrine parade tonight and the million dollar motion-picture electrical pageant tomorrow night will be on sale at the R. H. Dyer, Los Angeles store, Seventh and Olive streets, and the Shrine ticket office in the Broadway Arcade Building at 9 a.m. today.

Tickets cost \$3 for the electrical pageant and \$1.50 for the oriental parade. The pageant seats are reserved, but the seats for tonight's parade are not reserved. Tickets for the Circus Maximus performance this afternoon and tomorrow afternoon cost 25 cents for children and \$1 for adults. These tickets do not reserve seats and will be on sale at the Coliseum box office this afternoon and tomorrow afternoon.

### THIRTY ANIMAL STARS ACT

Then the arena again became a bowl of activity. In one ring there was a howling baby elephant, attended by four shrimas, in another five richly caparioned white stallions, prancing and prouetting, in another twenty high-school dogs of the Span variety who did aerial stunts of their own, while still another formed the happy stunting ground of Polenberg's bears, including one that rode six times around the ring on the seat of the highest bicycle in the world.

The oval next was turned over to the horse brigade, in which Miss and Sir Victor Bodini, Miss Betty Roth and others proudly exhibited their performing mounts. Not to be outdone by their equine friends, the clowns took another turn around the track, keeping the crowd in convulsions with uproarious gag after gag. Outstanding among the funniest of the night was the "tadpole" jockey. For fifteen minutes this pair, assisted by a red-headed policeman and a pair of rubes and a one-horse show, maintained a running fire of slapstick comedy that would have made the funniest of clowns envious.

The Hanneford family, Ed and Jenny Rooney, the Riding Roovers, the Sensational Jacks, the Valentines, the Flying Ferns and the Four Peasie Pipers were among the comedy and aerial acrobatic turns that concluded the afternoon's performance.

The performance was repeated last night and will be given again today and tomorrow at 2:30 p.m.

### NIGHT SHOW ALSO GAY

Last night a second large audience filled the Coliseum to witness the show. The night crowd was a handily filled one. It gleefully expressed delight in every sensational act in the five rings and in the antics of the hundred clowns. It was a typical circus crowd in society garb, enjoying the spectacle as hugely as any gathering at a tent circus, and thrilling when the dangerous aerial acts reached their climax.

The races aroused the spectators to the wildest pitch of enthusiasm, and the aerial acts, many of them performed at a height of 100 feet or more, brought gasps of admiration from the big throng.

While the events were identical with those offered at the afternoon performance, there was a touch given by the many lights and the blue California sky above which imparted a difference. Special events were run in so rapidly that the spectators were kept twisting their necks to see them all.

## Circus Maximus Events Witnessed By Huge Crowd

Coliseum Show Draws Thousands Above—Some of the throng watching the Shrine Circus at the Coliseum yesterday afternoon. Below—A few of the entertainers.

## BAY CITY TO FETE MANY NOBLES, TOO

At Least 50,000 Will Stop Off There on Way Home From Sessions Here

SAN FRANCISCO, June 4. (Exclusive)—Islam Temple of the Mystic Shrine is ready to receive the 50,000 weavers of the fest who will stop off here on their way home from the Imperial Council session of the order being held in Los Angeles this week.

The Nobles of the Mystic Shrine will come by boat, special trains, automobile caravan and airplane. The entire downtown business district has been decorated in Shrine colors and nothing has been left undone by illustrious Potentate Dr. William P. Read of Islam Temple and his committee of fifty for the success of the three days of festivities which begin at dawn Friday.

Islam Temple Nobles have arranged a greeting, a buffet luncheon at all hours of the day and night, dancing with hundreds of pretty girls in attendance, automobile rides to points of interest, golf tournaments, boat rides on the bay, sightseeing trips through Chinatown and many other things.

Visiting bands will give concerts in Union Square twice daily. There will be night parades with 7000 uniformed organizations.

### SHRINKERS INVITED

Local and visiting Shriners yesterday were invited to attend the all-day picnic and reunion Saturday at Bluff Park, Long Beach, of the Long Beach branch of the Illinois State Society of Southern California. A Shrine speaker will feature the program, which will begin at 1 p.m. and include musical numbers by a Long Beach band.

## WOMEN SEE FASHION SHOW

Six Hundred Visitors Attend Ambassador Luncheon at Which Peggy Hamilton Gives Revue

Something really closer to their hearts and more in their line than parades, patois and such came the way of the ladies of representatives to the Imperial Council of the Shrine yesterday when more than 600 of them were guests at a luncheon at the Ambassador, at which the principal feature was a presentation of styles as they are interpreted in Hollywood.

The luncheon was given in honor of Mrs. Frank C. Jones, wife of the Imperial Potentate, and Mrs. Leo V. Youngworth, wife of the Imperial Potentate-to-be, and was the first official entertainment for the ladies of representatives. The guests were greeted and duly welcomed by Noble Monte Blue, after which Miss Peggy Hamilton, style expert, presented a fashion revue calculated to impress the visitors with the fact that Los Angeles leads rather than follows in the matter of style creation.

### ACTRESS ASSIST

Starting with Japanese kimono and running through the list of lingerie, bathing suits, beach pajamas, sports wear, Spanish shawls, afternoon and evening wear, the revue was climaxed with a wedding party in which Miss Hamilton appeared as the bride and was assisted by a number of motion-picture actresses, including Billy Blaine, Alice Calhoun, June Marlowe, Jean Lloyd and Fricilla Dean. Music and dancing and singing by the Mosiah Chanters were other features of the program.

Following the fashion show the ladies were taken for a trip through the motion-picture area and returned to their hotels in time for the Hawaiian banquet in the evening.

The principal event for all ladies of the Shrine will take place today when they are guests at a lawn fete to be held in Lafayette Park from 2 to 5:30 p.m. with Mrs. Robert Wankowksi acting as chairman in charge of the gathering. Arrangements have been made for a Mexican orchestra, Spanish dancers, Rusa dancers and Shrine chanters for the afternoon's entertainment.

## IT AIN'T GONNA RAIN NO MORE

Handmaster of Abu Belr Temple of Shour City, Iowa, for fifty years is the record of Moss Reed, who will celebrate his seventy-fifth birthday this year. Noble Reed declares that he has never missed an annual convention of the Shrine Imperial Council. He moved to Shour City fifty years ago and prior to that was a professional band leader in San Francisco.

Noble E. P. Eppley, head of the Supply chain of hotels, joined the Shrine in Omaha at the age of 21 years. "I was the youngest Shriner at that time and still claim the title in spirit," he said yesterday. "How many years ago? What matter, if I still feel it," he added.

F. H. Olfert of Huron, S. D., was looking for Mrs. Berggren of 747 South Burlington street to express a Shriner's appreciation of kindness. Mrs. Berggren found his gold watch at the corner of Seventh and Olive yesterday night; read the inscription inside the case and took the watch to headquarters at the Billmore.

John Samsbury of New York registered yesterday at the Billmore. "I just came along in case it was raining in Los Angeles and have appointed myself chairman of the climate committee," he said.

Many Nobles miss E. H. Davidson, director of Al Kader Temple of Portland, Ore. who was here in 1928. It was learned that Noble Davidson is incapacitated by an infected foot and could not attend this year.

The palmas parade of Al Kader through the lobbies of the leading downtown hotels Monday night stands as one of the stunt features of the convention.

Noble C. A. Hood of Al Kader, because of his name and the fact that his hair is as snowy white as the crest of Mt. Hood has been dubbed "Snowy Top" by the Shrine delegates.

Traffic accidents—the only black in the color scheme of an eminently successful convention.

## WARM SANDS TRAVELED IN COUNTY JAIL

Famed Zuhrah Temple Spend Hour Behind Bars, But Merely as Visitors

Zuhrah Temple of Minneapolis, the first Shriner organization to adopt a colorful costume for its drill team, spent an hour in County Jail yesterday, but they went as unofficial guests. Jailer Clem Peoples welcomed the visitors and accommodated a dozen of the nobles who expressed a desire to "see how it feels to be handcuffed and locked in a cell."

The Zuhrah Temple adopted the oriental costume in 1923 and wore it for the first time at the conclave in Denver in 1928. The idea was taken up quickly by the other temples and now it is the distinctive feature of Shrine organizations in conventions and ceremonies.

## BANQUET SCENE RICH IN COLOR

(Continued from First Page)

entertainment was lavish. LeRoy M. Edwards, director-general of the convention and Potentate of Al Malakiah Temple, offered a simple speech of welcome to the guests, to which Imperial Potentate Jones replied with equal simplicity and brevity.

Favors for the women were silk coats, and to the men the Hawaiian dancing girls presented handsomely engraved silver water pitchers.

The barbaric beauty of Kilauea, Hawaii's active volcano, was captured in scenic and lighting effects, and erupted in a blaze of every imaginable color as the dancing girls sprang from its flaming cone.

Winona Love, declared to be the most beautiful dancer of the islands, and Rose Tribe and Emma Bush, two of the loveliest singers of the Pacific paradise, brought here specially for the banquet entertainment, received thunderous approval of their art. Other dancing ballads also were presented.

## THIS CHANTICLEER SINGS ON REQUEST

Henry, Frazed Rooster

If your early morning slumbers ever happen to be disturbed by a noisy rooster, don't blame it on Henry. For Henry crows only at the command of his mistress, Vivian Larsen of 1837 Beverly Boulevard.

Henry is a Rhode Island Red. For weeks he remains silent. Then when Mrs. Larsen asks him to crow Henry obeys.

And even this week, with a few stop his comb and undecoratedly eager to succumb the Shriners from Providence, Henry has discreetly kept his counsel, chanting his greetings only when ordered to do so.

## AUDITORIUM FESTIVITIES BRILLIANT

Twenty Thousand Shriners and Their Ladies Dance Until Late Hour

Shrine Auditorium last night was the scene of brilliance and gaiety when 20,000 Shriners and their ladies danced or looked on at the formal ball of the convention. Beginning at 9 p.m., the famed pillars from the various corners of the nation danced the opening day out and the second day in.

The great auditorium was replete with special decorations typical of the oriental order. The dancing floor was packed with gayly dressed Shriners when the dancing throngs swung onto the floor. Brilliant uniforms of the different patriots and women in attractive evening gowns. All other Nobles in formal evening attire, many having come to the ball from the Hawaiian banquet at the Billmore.

The balconies overlooking the ballroom and the side lines were crowded with smiling onlooking Shriners when the dancing throngs swung onto the floor. Brilliant uniforms of the different patriots and women in attractive evening gowns. All other Nobles in formal evening attire, many having come to the ball from the Hawaiian banquet at the Billmore.
